March 1842 Rept. to
Final dues

Southampton County, Feb. Agreeable to the annexed order
We the undersigned have reviewed the report of the commissioners who divided
the lands of the late Doct. Samuel Browne, among his heirs, & so find
that, as small tract or parcels of land lying on, & adjoining Mattoway
River, on the north side, it being that slip of land which said Browne
reserved to himself when he sold the tract of land adjoining it to the late
Colo. Abridgton Jones, as reference to the said conveyance will more fully
express, is not noticed or mentioned in the said report, which we suppose
was owing to the hurry the commissioners were in - We so say that, the
said small tract of land was divided, & annexed to lot No. 6 & lot No. 7
in manner following: Beginning at a large pine about twenty yards
from the River on the east side of the road (being the line tree
in the deed from Browne to Jones) thence continuing a sufficient
distance along the east side of the road to the river, to give
the road & landing place on the north side of the river to lot No. 6
to which lot the ferry belongs, the remainder of the said small tract
was annexed to lot No. 7 so as to give a road to the Seim places on
the said lot, & prevent any molestation to the said Seim places.
Given under our hands, this 13 June 1811
Yours
