Answered

Sh To the worshipful court of Louthampers
in Chancery sitting. The answer of John
Cricklow executor of William Cricklow to the
bill of Complaint exhibited against him in
this worshipful court By Ethelbert C Williams
This respondent seeing and reserving to himself
all and every benefit of exception to all errors
imperfections and untruths in complainants
said bill contained for answer to so much
thereof as he is advised is material for him
to make answer unto, saith. That his
testator, said became the guardian to the
Complainant a short time before he arrived
to the age of one and twenty years, and had
a final settlement of his transactions as
guardian with the said Ethelbert C
Williams on his arriving to the age of
twenty one years or shortly after. From the
loose manner in ^{which} this respondent's testator trans-
acted business he either did not take a
receipt of the Complainant or having taken
it mislaid it so that it never came to the
possession of your respondent. but your respondent
believes he can prove that there was a final
settlement between his testator and the Complainant
and his testator falling in debt to his said discharge

the amount by delivering ~~part~~ to him. This respondent states that from the papers of his tutor he can obtain no information which would disclose any facts required by the bill to be made known. nor can he from any other source derive any knowledge of the transactions of his tutor as guardian to the complainant except that as before stated there was a final settlement between the guardian and ward and this respondent prays to be him reimbursed with his costs in this behalf most wrongfully sustained -

^{or day}
This ^{day} personally appeared before a Justice of the Peace for the County of Southampton John Buckton and made oath to the truth of the above answer as far as it depends upon his own knowledge and as far as it depends upon the knowledge of others he believes it to be true. Given under my hand this 13th of February 1807.
