14 3 Bill

Eley's Adm.

James 18th 1877 referred
to the Master Commissioner

May 15th 1878 refers to the Court.

To the worshipful Court of Southampton in Chancery
sitting - Humbly complaining sheweth unto
your worship your orator John Faircloth admin-
de bonis non of Eli Eley and. That after the death
of Eli Eley a certain William Eley took out
letters of administration upon the estate of the
said Eli and proceeded to administer the
same, as will appear by Office copies of an
Inventory and appraisement and an account
current returned by the said William of his
transactions upon the estate of the said Eli
Eley. That the said Wm Eley departed this life
sometime in the year and a certain
Thomas Luceley administered upon his
estate, and that after the death of the
said Wm Eley, your orator became
the administrator de bonis non of Eli
Eley and. That in consequence of this
appointment devolving upon him, it became
his duty to look into the situation of the
estate and protect its rights. That in the
investigation of the affairs relating thereto,
the administration of Wm Eley came properly
under his notice, and from the inventory
and account current, office copies of which
are hereto annexed and prayed to be con-
sidered as a part of this bill, he found it to be
replete with improper charges, and defective
in consequence of omitting facts to which
the estate was entitled, and therefore he felt

it to be his duty to present the same to this
Court with his objections, knowing that if they could
sustain it, it would be completely within its
power to grant full and ample relief
your other objections to the account are not
sustained, because ten per centum is allowed the
said Bondy on the amount of sales ^{of the estate} and
debts in the account, whereas not more than
six per centum should have been allowed
upon the amount of sales and receipts only
2ndly. because the said Wm Ely has not
charged himself with interest upon the
amount stated in said account the said
3rdly. because the said Wm Ely has not
accounted for sundry bonds mentioned
amounting to \$249-17-77 with interest to
the 19th of August 1816 - 4thly because
he has discovered and will be able to
prove by office copies of judgments and
Executions that the said William Ely
owed the sum of \$186-10-7 with interest
to the 19th of August 1816 which is not
accounted for. for these reasons and
many others it is apparent that an
enormous considerable balance is due from
the estate of the said William Ely to
your estate as the adm- or com- now
of Eli Ely: yet he is advised that he
has no means save those which this

Court can afford to obtain relief. Intended
consideration whereof he prays, that the said
Thomas Insley adv- of the said Eli Ely
may be made a defendant hereunto and
be compelled upon oath to answer all and
singular the allegations herein contained
fully and unequivocally. And he further prays
that the accounts of Wm Ely's administration
upon the estate of the said Eli Ely may be
submitted to a Commissioner of this Court
and that he may be ordered to make up
a just and true account thereof, and that
the sum which may then be found due
be decreed to be paid to your estate. And
your estate will ever pray &c -

The answer of Thomas Smelley to a Bill of
Complaint exhibited ^{against} him as the administrator of William
Ely deceased by John Faircloth adm^r. &c bonis non of
Eli Ely dec^d, in the County Court of Southampton.

This respondent saving and reserving to himself every
benefit and advantage of exception to the many errors, insufficiencies
and false allegations in the said Bill contained, for answer thereto
saith, that he admits he is administrator of William Ely, and that
his intestate was the administrator of Eli Ely. That he believes the
said William Ely, did manage the estate of the said Eli Ely with
justice and propriety so far as the same was administered
by him, and that the account returned & received by this court
showing a settlement thereof, will be considered proper and
correct in all its parts, unless it is impugned by legal wisdom.

Your respondent is advised that as a compensation for the
trouble of collection, and responsibility for all the claims and debts,
(the debts being much dispersed) ten per cent. Commission was
properly allowed the said William Ely upon the account returned
as aforesaid - He states that as the said William Ely derived no
profit from the money which he received as the administrator of Eli
Ely, but paid away the same without delay in discharge
of debts, the estate of the said William Ely ought not
to be charged with interest upon the amount stated in said
account to be due - Your respondent further represents, that
so far as he is enabled by his knowledge of the circumstances,
he denies that the said William Ely failed to account for certain

bonds, amounting to two hundred and forty nine pounds, seventeen shillings and seven pence half penny as charged in the said Bill of Complaint. He possesses no knowledge or information relative to the sum of one hundred and eighty six pounds, ten shillings and seven pence mentioned by the Complainant, and states to have been received and not accounted for by the said William Ely in his life time. He contends that as the account cannot be settled and returned as aforesaid, has remained undisturbed for eight or ten years, and as the said William Ely is now dead, whereby much wisdom on this subject, no doubt, is lost or destroyed, that this Court ought not to consent that the whole matter should be again ripped up, and thereby furnish a means by which the infant children of the said William Ely deceased, may be unjustly deprived of their patrimonial estate - your respondent further states, that, as he is advised, an executor or administrator is not to be charged with the debts due to the estate of his testator or intestate at the time when they became due, but only at the time when he actually received them, except such debts as are lost by his negligence or improper conduct; and therefore, altho it may be true that bonds amounting to the sum of two hundred and forty nine pounds seventeen shillings and seven pence half penny were inventoried as charged in the said Bill, yet the estate of the said William Ely cannot be made liable for the same, unless they were lost by reason of his negligence or improper conduct, which he believes was not the case: your respondent repeats that he believes the said William Ely in the discharge of his duty as administrator of Eli Ely, was

governed alone by the rules of justice and propriety, and therefore, (being ignorant himself of the principal transactions about which he is required to make answer) he calls upon the Complainant to substantiate by legal proof the several charges and allegations in his said Bill contained. He denies all fraud & combination to the intent in the Bill charged, and prays to be hence dismissed with his reasonable costs in this behalf most wrongfully sustained. &c.

Southampton County, to wit:

This day Thomas Smethy appeared before the subscriber a justice of the peace for the County of Southampton and made oath that ~~as far as~~ the allegations in the foregoing answer ~~are~~ as far as they depend upon his own knowledge are true; and so far as they depend upon the knowledge or information of others he believes them to be true - given under my hand this 17th day of March 1817.
