Dear Sir

From 100 of the 12 ind to 1000. I wish to state that I remain in the WW every day from the time I meet in, until I have discharged at Greensboro N.C. by General Morris after Gen Lee surrounded. Which I hope will be satisfactory to you. Should you require any other proof. Let me know what it is, and I will let you have it - if I can. My self and wife is old and helpless and are depending on our friends for support. So hope you will please send me some help as soon as you can. And oblig -

Yours very truly
