Doctor Joseph Holmes a Surgeon reporting that William Simmons (who was a soldier in the new under Col. Buford and who hath made application for a pension commutation to be placed on the pension list) is so disabled by a wound in his arm as to render him incapable of having the proper use of it, and that he hath also several other wounds of less consequence and the Court from their personal knowledge of the said William Simmons being satisfied he is and probably ever will be incapable of Manual labor by means of the said wounds, and being also sufficiently convinced that he received those wounds in the defeat of Col. Buford recommended him as a proper person to be placed on the pension list and receive the bounty of his County

It appearing to the Court that the bridge over roadway at this place is in danger of falling for want of some repairs therefore it is ordered that Josiah Nick William Whitehead Thomas Edmunds and John Rockwell or any two of them examine the said bridge and let the necessary repairs and make report thereof to this Court

Ordered that the owner of the feriboad from Capt. Barnes old store to the old, named and here open and extend the said road to the County line with the land, belonging to his district, and it is ordered that he keep the said road in repair according to law

Jacob Bailey is by the Court appointed surveyor of the roads in the
