

have proceeded to view a route for a Road (partly opened by Lolo Bowers which leads from James Holmes's gate to Franklow and respectfully report that the land thro' which the Road passes is about 3/4 of it heavily timbered, 1/4 of which is so low as to require a ditch on each side and we think causewaying will be necessary in many places, independent of about 200 yards certain. Through branches &c. one small bridge of one arch will be necessary over a small creek, the other 3/4 will be through the fields &c. which will not require much work, the distance as we understood from Lolo Bowers & Mr. Lankford, having been previously surveyed by Mr. Nathan Walker, a highly competent and accurate surveyor was 3 1/2 miles as far as surveyed by him, and thence to the termination supposed to be 3/4 of a mile further. Mr. Walker having surveyed it, we did not think it necessary to survey it a second time. We estimate the expense of opening the Road at \$350 independently of the work already done, we understand the owners of the Land through which the Road alluded to will run, all consent excepting the guardian to the orphans of Uriah M. Varner, through whose land the Road runs about 1/4 of a mile and at the termination of the said Road. As the Commissioners are not confined to any particular site or location but may view and Report on that which they think will be of the greatest general benefit, they have viewed and measured another Route which is the Road as it now runs from Holmes to Jones's meeting house, thence along an old pathway much used, about 2 miles from the meeting house, thence along a route to be opened about one mile, the half of which is through cleared ground that will be attended with but trifling expense, nor in our estimation not exceeding \$100 the whole route, which is 6 miles 121 yds. This Road passes through a densely settled neighbourhood and are all willing and anxious for it to run this route with the exception of the above mentioned individual the guardian of the orphans of Uriah M. Varner. Wm. H. Nicholson. Alfred Hicks Nov. 21. 1838th and for reasons appearing to the Court the said Report is continued until the next Court.
