On the motion of Willis W. Lawrence for leave to alter the road leading from South Quay to the plantation and running nearly a straight course to the part thereof of the cleared lands - This day came the said Lawrence by his attorney and the Jurors appointed at the last Term to view the way for running said road as well as the way made their report which is ordered to be recorded and is in these words to wit: The Jurors appointed according to the subpoenaed order have viewed the ground and the said Willis W. Lawrence proposes to alter the road leading from South Quay to the plantation at the upper part of the said Lawrence's plantation and running a straight course to the part thereof of the cleared lands as well as the present way or old road and we do report that the alteration proposed was not in our public judgement but that the distance being shorter and the ground good - we do further state that the said Lawrence has already opened the road in the ground viewed by us and that the road is as good as the old road in all respects - March 3rd 1830. J. J. Littleton & Moore Super. Ctts. Whereupon on consideration of the said report and upon other evidence it is ordered by the Court that the said Lawrence have leave to alter the said road as proposed. It appearing to the Court that the land through which the said road as proposed to be altered will now belong solely to the said petitioner as soon as the said road when altered be put in good legal repair the Court is of the opinion that the same be so altered.
