

from the 13th day of December 1742 till paid and the cost -

On the motion of Robert & Griffin for leave to alter the order now before us. The Committee appointed to review the way proposed for altering the old road that day made report which after an honest and frank examination of the said road, having last day directed its meeting to consider that we have regard the ground wherein Robert & Griffin propose to have the road altered in his own power, and have come to the following conclusion, that the new road of present will be about 70 yards further above the old road, we also believe that the new road will be equally safe as the old one, in consequence of which we think the publick will not be injured, and we therefore present proposing to open the road will be materially benefitted because by the change it will save time from eight to ten thousand furlong miles. Given under our hands this 16th day of July 1742. Shugard Law, Col. W. Davis, Springfield Verl. Our consideration whereof is ordered that the said Griffin have leave to alter said road as proposed and that Shugard Law, Col. W. Davis, and Springfield Verl. do same and cause said road when opened and paid in full repair and make report thereof to the Board.
