 Robert Whitehead's and to ascertain and report whether or not it would be to the
 interest of the County to remove said Bridge to a more convenient point, do report,
 as follows: That after having viewed the premises we are of opinion that it
 would be of decided advantage to remove the Bridge up the stream about
 one hundred & thirty yards. The lands through which the said road will then
 pass belong to Robert Whitehead & William Whitehead, and they charge no
 damage. We recommend that the Bridge be made 225 feet long, and
 built a truss Bridge. We make these recommendations because we
 think it will be of economy to the County."
