for your response (I actually emailed Mr. [redacted] on my end, for a day or two, I was blem is on my laptop just fine. Now all I get is the white background (when I bring up one of the pictures, no actual images, but, from my other laptop, so it is my problem to fix.

unbelievable project! I am shocked this is this it is due somewhat to the rural nature of this is definitely a groundbreaking event, web resources should be deployed for this. I have constructed a system whereby no pictures. In the last 10 to 15 years, it hasn't the "money changers" so to speak. Demand information available now is incredible off, when you go from a hobby/interest driven. Again, I am not sure the good will from an exchange of information project has found a way to be

A close-up photograph of a dark, oval-shaped object, possibly a piece of wood or a small stone, resting on a piece of paper with faint, illegible text. The object has a smooth, slightly reflective surface and a dark, possibly black or very dark brown, color. The paper it lies on is white with some faint, blurry text that is not legible. The lighting is soft, highlighting the texture of the object and the paper.
