May rule, 1854. Sec for hearing.

May term 1854 decree for deft. a. B. p. 21.

April 10th. 1855 report of Comm. Hayden filed.

until the title about the Mill & seat shall be ascertained, and until the transactions of the said partnership business shall be stated & closed, by the interposition of this hond.ble Court. your orator knowing the desire of the testator in the premises, and his the confidence in his partner with the affairs to be closed & settled upon the most just & Equitable principles, no advantage is desired by any party, but only a fair & honest settlement & in such a way as will be safe for your orator & consistent with their duty as fiduciaries. They pray that the said Edward may be called on to complete said purchase & that a decree for a specific performance of said Contract of sale may be made, and that the transactions of the partnership may be adjusted before a Commissioner of this Court; as the speedy settlement of these matters is essential, for the obvious reason, that as the real estate of their testator in part consists of a Public Tavern, the sale thereof should be made, in time, before another year, to afford the purchaser the opportunity of making such arrangements as that business (of Tavern keeping) may require. your orators are without adequate remedy at law. They pray, that John Edward, Frances W. Latimer the widow of the deceased & his children, John, William & Edward & James T. Latimer the last four being infants under the age of twenty one years, may be made parties defend ants & be required to answer the premises. That your honor will decree the performance of said Contract of sale & ascertain such title as your orator may sell & convey; and also Cause the transactions & all the evidences thereof in the possession of either or any party, to be laid before & settled by a Commissioner and grant all other & necessary relief which may be meet & fit in the premises & your Complainants shall pray—

Young & Snyder Exrs of
Wm S Latimer dec.d

To the Hon'ble Richd. H. Beller judge of the Circuit Court of Isle of Wight County, in Chancery sitting, humbly complaining your orators Nathaniel Pyrung and William W. Joyer executors of the last Will & testament of John S. Latimer dec'd, that their testator departed this life in March 1854, at his residence in the said County, seized & possessed of a considerable real & personal estate & having a widow named Frances Latimer & the following Children, William J, John, Edward, & James T. Latimer all of whom (the Children) are infants under the age of twenty one years. That by his last will & Testament a copy of which marked "A", is herewith exhibited, quite extensive authority & power are vested in your orators his executors in the disposition of his real estate &c; the exercise of which they feel much embarrassed as will appear by the facts hereinafter referred to. Your orators state that sometime (say June) in the year 1840, a partnership was entered into between their testator & one John Edwards. By which they agreed that Edwards should give Latimer $450.00 for one half (or a moiety) of the Mill & Lot then belonging to Latimer. That they should repair the said Mill (which was a Grist & Saw mill) at their joint expense & that the profits should be equally divided between them & of course to share the loss equally. Upon terms were accepted by Edwards who entered into possession of the said Mill & aided as agreed upon to rebuild the said Grist & Saw Mill at considerable expense, and from that time to the death of their testator they have continued joint owners thereof. But of the Contributions of each partner, by the way of timber, materials of all sorts in repairing the said Mills which was a thorough one from the very foundation - and of the amounts received & profits therefrom there has never been any settlement and their transactions as partners now lie in great confusion - each having accounts thereof to some extent - & the books of the Concern for the most part were kept by Latimer & to whose complaint your orators believe the confusion for mainly arises, as they know that Edwards has repeatedly called upon & urged their testator to a settlement often during his lifetime. Your orators further state, that the said Agreement or Contract of sale of the moiety of said Mill &c, & of partnership was never reduced to writing, but only was a verbal agreement, though possession as aforesaid by Edwards was taken & held in consequence of said Verbal Contract. Your orators obviously will meet with great difficulty in executing their trust and duty under the said Will, especially in the sale of the real Estate,

and your orators will say that they are both aware of the terms of said contract & perfectly know more than any one else

Feliz 5th April 1837

To the Hon'ble Rich'd U. Bowie Judge of the Circuit Court of Isle of wight County in Chancery sitting.

The Answer of John Edwards to a Bill filed against him & als in the said Court by Nathaniel P. Young & William W. Bryan executors of John S. Latimer &c.

This respondent saving & excepting to all the imperfections of said Bill for answer to the same, says that the facts as stated in said Bill so far as they relate to him are substantially true. That such a contract for the purchase of the Mills then in a very decayed condition was entered into & completed by him & Latimer for the sum of £450. which was to carry interest from the Mill was in operation & which £450 was to be paid by his portion of the nett profits, that is he left the same with the said Latimer for such object. That no settlement has ever taken place of the expenses of repairing or of the profits of said Mills in any form though he earnestly urged the same upon Mr Latimer. The said partnership of course was to commence from the time the Mills went into operation. That he desires the matter to be settled upon the most equitable & just principles & believes that the aid of this Court is necessary & therefore unites with Complainants in soliciting the same. The contract as stated in this Bill was Verbal, but he entered into joint possession with Latimer & repaired the said Mill property at very great expense & greatly improved the property & thus continued joint owner & occupier with the death of Latimer. This respondent raises no objection to the prayer of complainants & but unites in asking the same.

We paid equally Mr Chapman for his work & both paid our shares of the expense of repairing the Mill - I mean thereby the work on the Mill - I paid for the firm out of my individual funds the following sums of money, to C & J Reid $29.52, to the same 8.36 - to Thomas P Huntis $4.50 - to C Price $2.38 - to James Chatman 2.45

Commissioners Office
Smithfield February 5th 1855 -

To the Circuit Court of Isle of Wight County

Pursuant to a decree of the Circuit Court of the county aforesaid rendered on the 17th day of May 1834 in a suit in chancery depending in said court between William H Haynes & Nathaniel P Young Executors of Nathaniel S Latimer Plaintiffs against John Edwards Frances H Latimer, William, Joseph, John, Edward & James Latimer, the last four infants by Francis C Latimer their guardian ad litem Defendants, the undersigned, one of the commissioners of said court, to whom was referred for settlement, by said decree the account of the partnership dealings & transactions between the aforesaid John S Latimer & John Edwards during the lifetime of the former from the time of the purchase of the Mill to the death of said Latimer, as well concerning the repairs of said mill & settling the same, as of the profits & all dealings connected with the said partnerships, for the better taking of which all papers, memorandums, books accounts writings &c in custody of any of the parties relating thereto were to be produced before the Commissioner, who was further authorized to examine the adult parties as well as other persons as witnesses touching the said partnership transactions; Repairs to court House on the 15th of Aug 1834, he issued notices against the several parties aforesaid, requiring them to attend the settlement of the said account before him at his said office on the 25th of August 1834 which were returned to your commissioner duly executed. That pursuant to said notice the parties aforesaid before your commissioner with sundry writings, books, writings, papers &c & depositions of some the witnesses were taken on that day & the further taking of the same adjourned on account of the absence of witnesses to the first of September following when the depositions of sundry witnesses were taken & owing to the absence of other witnesses the further taking of the same was adjourned to the 8th of September, on which

day, the depositions of additional witnesses were taken & to enable the parties to produce other vouchers the matter was again adjourned to the 4th inst of Oct following, when all the evidence in the possession of the parties was produced, but owing to the engagements of the commissioner he did not then proceed to make up the a/c, but subsequently proceeded to make up the same as well as could be done from the loose accounts, memorandums Mill Books produced before him; from which & the verbal & written agreements of the parties, their vouchers & the depositions of witnesses your commissioner finds as shown by the foregoing a/cs - that on the dissolution of the partnership by the death of John S Latimer, he was indebted to the firm of Latimer & Edwards in the sum of $970.13 - that John Edwards was indebted to the said firm in the sum of $195.12 & that on a settlement of the partnership transactions between the said partners John S Latimer at the date of his death (March 9th 1854) was indebted to John Edwards in the sum of $387.50/- on account of the partnership transactions, which sum should bear interest from that date. Your commissioner will state that no regular books or accounts were kept of the partnership business by either partner & that no a/c was produced of the relative amts of Com &c received from the Mill by either partner from the Fall of 1846, to the death of John S Latimer. No extra compensation is allowed in the a/c to Latimer for any extra personal services in behalf of the firm, as in the absence of any agreement to that effect your commissioner does not regard it as a proper subject for compensation, & the deposition of John Edwards states that in consequence of Latimer extra services he had not charged the firm with timber furnished it. At the request of the counsel in the cause he has made up an account of the individual transactions between Latimer & Edwards - in a/c No 1 showing a balance of $177.61 due from Edwards to Latimer on the death of the latter, Edwards is charged with the moiety of the Mill Lion sunks, with interest from the time except in 1854, when advancements were made by Edwards and in the various times during that year & is credited with various advancements made from time to time to Latimer individually & on closing the a/c at the date of Latimers death Edwards is credited with the amount due from Latimer on partnership a/c. In a/c No 2, no interest is charged & a balance is shown to be due by John S Latimer to John Edwards of $76.74 1/2. The commissioner further reports to the court that after the completion of said account he retained the same in his office ten days for the examination of the parties. Given under my hand as commissioner aforesaid, the day & year first aforesaid C. B. Hayden
