 C. E. Agent

In the Circuit Court of Hansemond Co: -

Nath^l Riddick

v

In Chancery

Albemarle Swamp Land Company

Exceptions taken by the defendant,
to the report of G. F. Edwards, special Com-
missioner, under a decree rendered in this
case at April Term 1876. -

1st Exception. *overruled* For that the said Commissioner, has allowed
the plaintiff, the first item in his account
of \$8240 ⁵⁰ without sufficient evidence.

2nd Exception. *overruled* For that the said Commissioner, has proceeded
to make up said account, without requiring
a statement, supported by proper evidence of
the transactions of the plaintiff: - of his mer-
cantile operations at Pantego, North Carolina,
as agent of the defendant. -

3rd Exception. *overruled* For that the said Commissioner has allowed
charges against the said defendant, in favor
of the said plaintiff of \$6007 ⁶⁹ of the 30th
December 1871, - and of \$7293 ¹⁴ of December
1872, - and of \$5153 ³⁰ of 31st December 1873,
without sufficient evidence, to show the payments

or to shew, that the funds did not arise from the defendants own resources -

4th Exception - For that the said Commissioner has allowed the plaintiff 12 per cent interest, on all amounts paid in New-York and Philadelphia, by "Seawell & Co", and "Norwarp & Shute", when it is apparent that said amounts were paid out of the defendants money, and not the money of the plaintiff -

5th Exception - For that the Commissioner has allowed the plaintiff 12 per cent on all disbursements, without the authority of the defendant. -

6th Exception - For that the said Commissioner has reported no particular statement, as to his conclusions -

7th Exception - For that the report of the said Commissioner, as to the supposed balance of \$6484 ⁴⁵/₁₀₀, as due by defendant to plaintiff, is erroneous, and the account on which it is based, is made up on erroneous principles -

8th Exception - For that the report of the said Commissioner, as to the supposed balance of \$4598 ¹³/₁₀₀ is erroneous, and made up on erroneous principles -

9th Exception - For that, the said Commissioner, in said account has allowed the plaintiff 12 per cent on balances

as struck, by the said Commissioner in her said account. -

10th Exception - For that the said Commissioner has given the defendant no credit for board &c of plaintiff, whilst employed by the defendant, at a salary of \$1500⁰⁰

11th Exception - For that, while it appears by the evidence, that said plaintiff borrowed of the Bank of Portsmouth \$5000⁰⁰, which was paid by the defendant; and which \$5000⁰⁰ ~~and which~~ is included in payments made for said defendant by said plaintiff; and that whilst the interest on said amount was paid by the plaintiff, out of the defendant's funds, yet the Commissioner has allowed the plaintiff 12 per cent on all balances, which included the said \$5000⁰⁰

12th Exception - For that the said account of the said Commissioner shows many other errors and imperfections, contrary to law and the evidence. -

In all which particulars, the report of the said Commissioner, is, as the said defendant is advised, erroneous, and the said defendant appeals therefrom to the judgment of this Court.

C. W. Maudsley
atto: for defendant

Given 1857

Albionville Swamp Land
Company
and } Exceptions to
Comr's Report

Nathaniel Riddick

1877. May 16th. Filed
at X....

In the Circuit Court of Hanson and
County.

Nathaniel Riddick

M

Albemarle Swamp Land Company.

Exceptions taken by the Plaintiff to the
report of Commissioner G. F. Edwards
under the decree rendered in this
cause at April Term 1876.

1st Exception: That the Commissioner
has allowed the defendant as a credit
the following item, to wit: "1871. Dec 30
By interest paid in N. Y. on cash advances,
the money being paid for A's purposes,
to wit. Charged here as paid out, exclusive
of dividends between July 20 & Dec 30 '72
\$ 108.77; upon the ground that the
Commissioner in his report has charged
the plaintiff elsewhere interest on all
the proceeds of sales of lumber from
the dates of sales including the amount
on which the said \$ 108.77 is interest
from the 20 July & Dec 30 '71, so that
the \$ 108.77 is a double charge of
interest. The work and figures in said
item, to wit: "July 20 & Dec 30 '72" should
be July 20 & Dec 30 '71.

See page 51. Exh 7 '73

2^d Exception. That the Commission
has credited the defendants with
the following item, to wit: "1872. Dec 30
By interest paid in N. Y. & Philadelphia
on Cash advances. See page 59 Exhibit
B" #74.42"; upon the same
ground of Exception as stated in "1st
Exception.

3^d Exception: That the Commission
has credited the defendants with the
following, item, to wit: "July 1873
By interest in New York on Cash ad-
vances. See Exhibit B" page 65 #72.74;
upon the same ground of Exception
as stated in 1st Exception.

4th Exception: That the Commission
has allowed interest on the following
item of credit to the plaintiff, to wit:
"Dec 6 1872 2 paid dividend to stockholders
of A. S. & L. Co. as shown on page 54 of
account filed as Exhibit B. \$4200.00"
only from the 6 Dec. 1872 to 1st July
1873. In addition to the interest
allowed by the Commission on
said item, he should have allowed
the following item charged in the

plaintiff's account Exhibit B page
56, to wit: "to paid interest in New York
on the above dividend of \$4200-00
\$97.18" - the same being interest
paid Semell & Co on said amount
drawn for payment of said dividend
from 10 Augt 1872 to 8th Dec 1872,
as will appear by return of Semell &
Co. of 8th Dec 1872.

In all of which particulars
the report of said Commissioner, is
as the plaintiff is advised, erroneous,
and he prays the same may be
corrected.

Supplemental Report of
Sple Commr Edwards in suit
of Riddick vs A. S. Land Co-

To the Hon^l Geo Blain Judge of the
Circuit Court of Cass County

Your Commissioner finds
upon an examination that so much
of the Concluding part of his report
filed in the above Cause on the 12th
day of ~~Apr~~ 1877 as is embraced
in parenthesis (red ink) and which
undertakes to present the account
in different forms, was made
upon an erroneous calculation &
would therefore ask that the
same be stricken out

Respectfully Submitted

The Albemarle Swamp Land Company
This cause came on this day
to be heard upon the bill and exhibits
filed, the answer of the defendant, "The
Albemarle Swamp Land Company", with
general replication thereto, and was argued
by Counsel: On consideration whereof, the
Court doth adjudge, order and decree, that
G. F. Edwards, mutually chosen by the parties
for this purpose, be appointed a special
Commissioner, to take ^{and render} an account of the
transactions of Nath^l Riddick as President
General Agent and Treasurer of the said,
"The Albemarle Swamp Land Company". And
the said G. F. Edwards special Commissioner
as aforesaid, ^{will make his report to this Court} together with all evidence taken
^{and produced} before him concerning the same - And the
said ^{parties} ~~Nath^l Riddick~~ will produce before
the said Commissioner, all books, papers
and accounts concerning ^{said} transactions
as aforesaid, - required by the Commissioner
or either of said parties -

OB. No. 1 - p 310

At a Circuit Court, continued and held for Hanover and
County, the 15th. day of April, 1878.

Nathaniel Riddick Plaintiff:

against { In Chancery

The Albemarle Swamp Land Company. . . Defendant.

This Cause came on this day to be again heard
upon the papers formerly read, the Report of Commissioner
G. F. Edwards, made pursuant to the Decree entered
herein on the 12th. day of April, 1876, the exceptions taken
to said Report by the Defendant, and the evidence returned
to the Court with said Report, and was argued by Counsel:
On consideration whereof the Court doth overrule said
exceptions, and doth adjudge, order and decree, that the
Defendant, The Albemarle Swamp Land Company do pay
to the Plaintiff, Nathaniel Riddick the sum of Six
Thousand four hundred and eighty-four dollars
and forty-five cents, with interests thereon from the 1st. day
of July, Eighteen hundred and seventy-five, until paid,
and that the plaintiff recover of the defendant his costs, in
this behalf expended. But, it is ordered, that the Execution of
this Decree be suspended for Ninety days, for the purpose of
allowing the defendant to apply for an appeal from this
decree to the Supreme Court of Appeals of Virginia, when
the defendant or some one for it, entering into bond with good
security, before the Clerk of this Court, in the penalty of Five hundred
dollars, payable to the Commonwealth of Virginia, conditioned to pay
all costs and damages, in case, a Supersedeas to this decree shall not be
allowed.

Enclosure O. B. No. 1 p. 399

but which said account did not include
all of the transactions of the said Nathaniel
Riddick as President, Agent & Treasurer as
aforesaid -

The answer of the Albemarle Swamp
Land Company, to the Bill of Complaint ex-
hibited in the Circuit Court of Hanseman &
County, Virginia, by Nathaniel Riddick -

This defendant says - That it is true
that the said Nathaniel Riddick, was on the
1st day of July 1871, and had been for one or two
years previous thereto, the President, General
Agent and Treasurer of said Company, and
that the salary allowed him, is correctly stated -

That ^{it} is true, the said Nathaniel Riddick
rendered an account of his transactions as such
President, Agent and Treasurer, up to the said
1st day of July 1871, which ^{was "examined and ordered to be recorded" and} showed a balance due
him of \$8240 ⁵¹/₁₀₀ : but your respondent says,
that it ^{was} well known, that no such balance was
really due to the plaintiff; - but that he had
borrowed money, for the uses of the defendant,
which had not then been credited in said account,

Your respondent is surprised, at the
statement contained in said bill, that "at every
regular annual meeting of the stockholders" of
said Company, thereafter (that is after July 1871)
"he presented an account of his transactions as
General Agent - but for some cause they have
never been examined and acted on" - In response
to that statement, your respondent says, that at
the meeting of the stockholders, of said Company

on the 26th day of September 1872, it was ordered, that the agent be required to balance up his accounts to the 1st day of January 1873, and report to the next meeting held, whether regular or called - That again, at the meeting of the stockholders of said Company, held on 23rd September 1873, it was entered on the record of said Company, "that the agent made a verbal report, shewing the Company owed about \$16000 (to all persons), and that the lumber already shipped, and then at Pantego, would about pay the same, leaving \$12000 worth of lumber in the Swamp -" That, at the same time, it was entered of record, the accounts of Nathaniel Riddick agent, were not examined, and as no examination thereof has been had for the last two years, a competent book-keeper is to be engaged to examine the same, and report hereafter - That at a meeting of said stockholders held on the 28th day of September 1874, it was entered on the order of said Company, that "Nath^l Riddick late agent of the Company rendered a partial account of his transactions, which was referred to John R. Kilby Secretary, for examination and report hereafter" - That at a meeting of said stockholders on the 15th day of September 1875, it was entered of record on said Company's book of proceedings, that "Nathaniel Riddick esq^r late agent of the Company this day rendered his accounts, since the 1st July 1871, which

On motion of W^m B Whithead was referred to Dr. H. F. Butt, President, with power and authority to employ some competent accountant to aid him, in examining the same, and who will make report to the Directors at an early date, for approval or otherwise, and if it be approved and satisfactory to said Nath^l. Riddick, to be entered of record by the Secretary". That it will be seen by the action of the Company on so many occasions, the anxiety and efforts of the Defendant, to have a settlement with their said agent, and for some cause, he was never ready, from the 1st July 1871, to the 15th day of September 1875 -

That when a partial report of his transactions was made to the Company, on the 28th September 1874, and referred to the Secretary, his book of accounts was not rendered until about April 1875, and then it presented a balance as due by the Company of about \$25000, which was of so great magnitude, and so contrary to the expectation of your Defendant, that no action was taken, until the regular meeting on the 15th September 1875, when the whole matter was referred to Dr. H. F. Butt, the President of the Company for examination - That the said H. F. Butt, President as aforesaid, has been ready and anxious, to proceed with such examination, and of which the said Nath^l. Riddick was only apprised, and the books of the Company ordered from Pantego, N. C. for that purpose - But the said Agent has never made an effort

so far as this respondent knows, to investigate the matter with said H. F. Butt; but has commenced this suit -

Your respondent says, that the said Company was not apprised yearly, by said Agent or otherwise of its indebtedness - On the 23rd September 1873, he represented its debts, as about \$16000, and lumber already out of the Swamp about enough to pay the same, leaving \$12000 worth of lumber in the Swamp, and hence when in September 1875, his account was rendered, your respondent was greatly surprised, to learn its debts were about \$25000 -

Your respondent says, that the said agent borrowed money at heavy rates, as it appears by his account now filed with his bill: and that a large part of the debts due by the Company has been paid by Ino. R. Kilby, present Treasurer of said Company, and credited in said Nathl Riddick's account -

Your respondent says, that as stated in said bill, the plaintiff was President, General Agent, and Treasurer of said Company, and had unlimited power to manufacture, and sell lumber and to merchandize; and did carry on a large mercantile business, and should have known whether he was paying expenses, and should have notified Your respondent of the result of his operations -

Your respondent is anxious, and has been for a long time, to have a settlement with said Agent, and says, that such settlement would have been had long ago, if the Agent's accounts had been ready.

Your respondent is ready and willing to proceed in the examination of said Agent's accounts, and regrets the agent had not acted under the order of September 1875, and made the attempt with Dr H. F. Butt, President, rather than sue; but having selected the rules of law for a settlement, Your respondent can raise no objection, and now Your respondent demands a full investigation of the acts of said agent, including purchase, sales and disbursements, on account of lumber and merchandise operations - and that all illegal charges, for interest or otherwise may be excluded from the said account - and that the said account may be adjusted on principles of law and equity -

And now having answered the Complainant's bill, this respondent prays to be dismissed &c, - and he will ever pray &c.

=

Rec^d April 12th 1876
C.H.

To Hon. Geo. B. Low Judge of the
Circuit Court of Hanseman
County.

Humbly complaining
sheweth unto your honor your
order, Nathaniel Riddick the
following case:

That the Albemarle Swamp Land
Company is a duly incorporated
body and has for its object, the
getting and dealing in lumber and
timber, transporting and selling
the same, and also in milling, mer-
chandising, canelling, making
roads, draining and improving
and cultivating swamps and other
lands. &c.

That your complainant was
on the 1st day of July 1871, and for
one or two years previous thereof,
President, General Agent and
Treasurer of said Company, and
that he continued to be Treasurer
until July 1873, and General Agent
until about Sept. 1873, and President
until Sept. 1875.

That while he was General Agent
he had the general management
of the affairs of said Company
subject to the direction and control

of the stockholders, and directors of
said Company -

That his salary was to be \$1500
1873 \$1500, for the year ending Oct
1874 \$500, and for the year ending
Oct 1875 \$100.

That at the regular annual
meeting of the stockholders held
on the 22^d July 1871, he rendered
a full account of his Transactions
as President, General Agent and
Treasurer of the Company, from the
26th day of April 1869 (the date of his
previous accounting) to the 1st day of
July 1871, which was examined, allowed
and is now recorded in the minutes
of their proceedings - That there
was then due him, as will ap-
pear by said account, \$8240.51.

The said original account is herewith
filed as a part of this bill marked
"A".

That at every regular an-
nual meeting of the stockholders
thereafter he presented the ^{an} ac-
count of his Transactions as General
Agent - but for some cause they have
never been examined and acted on. The
account presented at the annual
meeting in 1872 was not examined

by the stockholders' meeting for want of time
as was alleged. And the same was true
as to the account presented to the annual
stockholders meeting in 1873. At
the annual meetings in 1874 and 1875
a committee was appointed to ex-
amine your complainant's account.

But from some cause the said
committee have failed to act.

Your complainant has always been
ready and anxious to have his
accounts examined and settled, and
has repeatedly urged a settlement
and payment of his account. There
is a large sum due him from said
company, on account of his said
transactions - to wit \$10,731.96
on 15 Sept 1875, as will appear
by reference to the account presented
to the regular stockholders' meeting
held in Sept. 1875, which is here-
with filed as exhibit "B". If
there be any errors in said account for
or against him, he desires to have
them corrected.

Your complainant would
have preferred to have had a settle-
ment of his accounts without the
intervention of the Court; but there
has been so much delay, not, however

intentionally, but from want of attention,
and the interest involved is so large
and important to your complaint,
that he feels compelled to appear
to the Court in order to secure an
early settlement and payment of the
amount that may be due him.

The Vendor cannot make
changes. Your Complaint says
that the Albemarle Swath Line
Company, may be made a party
defendant to this bill and be
required to answer the same -
that the account filed herewith
may be received, and the amount
due your complaint - as certified
under a reference of this Court,
and the same be required to be
paid him, and that all other
and further relief be granted,
that the pleasure of his own very
noble or to Equity shall seem
most to just. and he will ever
serve you.

April Term
Final Decree,

At a Circuit Court continued and held for Nansemond County,
the 12th. day of April, 1876.

Nathaniel Riddick. Plaintiff.

Against { In Chancery
The Albemarle Swamp Land Company. . . Defendant

This Cause came on this day to be heard upon the bill and exhibits filed, the answer of the defendant, "The Albemarle Swamp Land Company", with general replication thereto, and was argued by Counsel; On consideration whereof, the Court doth adjudge, order and decree, That G. F. Edwards, mutually chosen by the parties for this purpose, be appointed a Special Commissioner, to take and render an account of the transactions of Nathl Riddick, as President, General Agent and Treasurer of the said "The Albemarle Swamp Land Company". And the said G. F. Edwards, Special Commissioner as aforesaid, will make his report to this Court, together with all evidence taken and produced before him concerning the same. And the said parties will produce before the said Commissioner, all books, papers and accounts concerning said transactions, as aforesaid, required by the Commissioner or either of the said parties.

A Copy

Teste,

Peter B. Prentiss, Clerk.

Nathaniel Reddick

to { Copy Decree

The Albemarle Swamp Land Company.

Deposition of Nathaniel Riddick and others
taken before me G. F. Edwards who has been appointed
Special Commissioner for that purpose by a
decree of the Circuit Court of Staunton County entered
on the 12th day of April 1876, at my office in
the City of Portsmouth Va on this 19th day of
February 1877, by consent of all parties, to be
read before said Commissioner, touching a certain
matter referred to him by said decree entered
on the 12th day of April 1876 in said Circuit
Court of Staunton County in a chancery
suit pending in said Court in which
Nathaniel Riddick is plaintiff and the
Albemarle Swamp Land Company is defen-
dant

Present. J. F. Crocker atty for plaintiff
" C. W. Mundaugh atty. for Defendant.

Nathaniel Riddick witness for plaintiff being
first duly sworn, deposes and says.

Question 1. Please state your residence, age and occupation.

Answer I reside in Suffolk Va, am 57 years of age and
Judge of the County Court Staunton County.

Question 2. If any, what official connection have you
had with the Albemarle Swamp Land Company?

Answer President, Treasurer, Agent & Director.

Question 3. Please state for what time you were President

General Agent and Treasurer of said Company
Answered I acted in all these capacities from the 18th day
of January 1868 to Sept³ 1873 and from that
time was President only up to 15th Sept 1875.

Question 4th Did you as President, Agent and Treasurer
ever render to the Directors and stock holders
of said Company an account of your Transactions
as President, Agent and Treasurer? if so when?

Answered for the purpose of refreshing your memory and
to enable you to answer definitely you will please
examine the record of the proceedings of the mee-
tings of the stock holders and Directors of the
Albemarle Swamp Land Company, which have
been produced before the Commissioners at your
request?

Answer I did render one such account on the 26th
day of April 1869 and also one further such
account on the 22nd day of July 1871 as shown
by the books of the Company.

Question 5 I find among the proceedings of an annual
meeting of the stock holders of said Company held
in Suffolk on the 26th day of April 1869, the
following entry. A copy of which the Commis-
sioners will please file with this deposition.

"Nathaniel Riddick Agent of the Co this day
rendered his account and report covering his
transactions from the 18th January 1868 to the
1st of January 1869 which was examined and

allowed and ordered to be recorded by the Secretary." Please state whether this refers to your first report named in your previous answer?

Answer It does, and includes my transactions as President, Agent and Treasurer from the 18th day of January 1868 to 1st of January 1869.

Question 6. Was that account as then rendered by you, examined and allowed by the stock holders of said Company at the said meeting?

Question accepted to by attorney for Defendant, for the reasons, that the record having been made a part of these proceedings by the plaintiff, is the best testimony, and will admit of no explanation by the party plaintiff. So far as explaining any phraseology-

Answer It was examined, allowed and recorded as shown by the book to which reference has hitherto been made-

Question 7. Was the account which you then rendered, spread upon the said journal in which were kept the minutes of the meetings of the stock holders?

Answer It was spread upon the records of the stock holders.

Question 8. Does that fact appear by examination of the journal now before the Commissioners?

Answer It does so appear.

Question and answer objected to for the reason before stated, that the records being before the Commissioners are the best testimony of the same.

Question 9 Please state what amount appears from said account to have been due as a balance to you on the 1st day of January 1869?

Answer One thousand, one hundred $\frac{60}{100}$ Dollars. \$1000.60

Question 10 I find on the said journal among the proceedings of a meeting of the stock holders of the said Company held in Suffolk on the 22^d day of July 1871 the following entry. a copy of which the Commissioners will file as a part of this deposition marked "2". "Nathaniel Riddick Agent and President of the Company this day made his report which was received and ordered to be recorded" and also presented his account ^{of his transactions from} ~~on~~ the 26th of April 1869 to the 1st of July 1871 which was examined and ordered to be recorded". Does the account herein referred to the same as was referred to as the 2nd account rendered by you in your answer to 4th Question?

Answer It is the 2nd account rendered and to which I have already referred.

Question 11 Was the said account examined and ordered to be recorded by the stock holders of said Company at this said meeting?

Question objected to for reasons heretofore made ~~and in answer the record does not say~~
~~untrue~~

Answer It was examined and recorded as shown by the books of the Company.

Question 12 Please examine the record book of said Company and say whether the said account is spread out on said record book?

Answer It is so spread out.

Question 13 Is the Exhibit "A" filed with you bill the original account which was rendered to the said Company on said 22nd July 1871, and does it correspond with the account which you find spread out on the said record book

Answer It is the original account a copy of which is spread on the record book

Question 14 What appears from the account spread out on said record to be the balance due you on the 1st of July 1871?

Answer Eight thousand two hundred and forty ⁵⁰/₁₀₀ Dollars (\$8240.51)

Question 15. Did you thereafter render any further account of your transactions as agent and Treasurer, if so, when

Answer My impression is that at the meeting held on the 26th Sept 1872 which was the next meeting held after my last report, that my account was ready and perhaps not balanced and at the

meeting of the 23^d Sept 1873 the account was ready for examination and on the 28th day of September 1874 I rendered an account which was refused to Mr. A. Kieby for examination and report and on the 15th day of September 1875 I rendered the account as it now stands against the Company and is the same filed with the bill and marked "Exhibit B"

Question 16 I find in the proceedings of the meeting of the stock holders held on the 26 Sept 1872 the following entry: "The agent of the Company, Nathl Riddick Esqr made a verbal report showing his operations since the last meeting. But it was after due consultation agreed that the President proceed to balance up his account to Jan'y 1st next and report the same to the annual meeting in April next or to any meeting that may be sooner called" please state whether or not according to your best recollection you presented to the said meeting a written or stated account of your transactions, and if so why the said account was not acted on?

Answer The account was in writing to the best of my recollection. It was not examined for want of time and I was requested to make a verbal statement.

Question 17 Please state whether or not the account which you then had and presented corresponded as to

items of credit and Debit with the account filed with your bill as "Exhibit B" as to the items of Credit and Debit, ^{through} to that date, to wit, 26 Sept 1872?

Answer The account which I presented at the meeting on the 26 Sept 1872 covered my transactions from 1st July 1871 to 1st July 1872 and the items therein correspond with those of that period embraced in my account filed with the bill in these proceedings save and except as to interest

Question 18 Did the account which you presented to the meeting of the stock holders held on the 23rd Sept 1873 and the account presented to the meeting held on the 28 Sept 1874 correspond as to items of debit and credit with your previous account covering the same period?

Answer So far as my recollection goes, they did save as to interest

Question 19 Do I understand you to say that at the meeting of the stock holders held on the 26 Sept 1872, the 23 Sept 1873 and the 28th Sept 1874 that you had your accounts made out and ready to be presented at those respective meetings?

Answer Yes Sir the accounts were all made out, there may have been some adding up of figures to do - this is to the best of my recollection.

Question 20 Why then, were they not received and acted

on?

Answered At most if not at all of these meetings the stock holders alleged a want of time and sometimes appointed committees who never performed the duty assigned them.

Question 21. Why is it stated in the said proceedings that you made verbal report?

Answered I suppose because some of the accounts may not have been added up and I was asked for a general statement of its condition.

Question 22 I find in the proceedings of the meeting held on the 23rd Sept 1873 the following entry "The accounts of Nathaniel Riddick agent ^{were} not examined and as no examination thereof has ~~not~~ been had for the last two years a competent Book Keeper is to be engaged to examine the same and report hereafter." Please state whether or not the failure of examining your accounts herein referred to was in any wise due to you?

Answered Not in the least but on the contrary I urged it.

Question 23 Please examine the records and say how many meetings of the stock holders were held from the 22nd July 1871 to the 15th Sept 1875?

Answered Four meetings including that of Sept 15th 1875.

Question 24 I find in the proceedings of the meeting of the 15th Sept 1875 the following entry "This day Nathaniel Riddick Esqr late agent of the Company read his account since the 1st of July 1871 which

on the motion of Wm J. Whitehead is ordered to be referred to Dr H. F. Butt President with power and authority to employ some competent accountant to aid him in examining the same and who will make report to the Directors at an early date for approval or otherwise, and if it be approved and satisfactory to the said Nathaniel Reddick, to be entered of record by the Secretary." Please state what, if anything has been done under said order?

Answer I wrote to Dr Butt the President who with assistance was appointed at the meeting referred to to examine the account, to let me know at what time he would be ready to perform that duty, and at the suggestion of the Treasurer Mr Kelly requested the examination to be in Suffolk, to that letter I received no answer.

Question 25 What salary did you receive as President, Agent and Treasurer from the time you commenced to act as such until the 23^d day of Sept 1873?

Answer Fifteen hundred Dollars a year though only changed to 1st Sept 1873. At that time the three offices were combined in one person and only one salary allowed for the whole, my brother Rich^d H Reddick was the former Presdt. Agent & Treasurer.

Question 26 When you rendered your account as agent did it embrace your transactions as President

Treasurer and agent?

Answer It did.

Question 27 Was there any separation of the office of President Secretary. Treasurer and agent made by the stock holders at their meeting on the 23rd day of Sept 1873 and if so, who were appointed at said meeting to fill said respective offices and at what salary?

Answer There was such a separation at the meeting referred to. When I was made President at a salary of \$500 per annum, Geo. D. Old agent at a salary of \$1250 - Mr R. Kelly Treasurer at a salary \$300 - Mr R. Kelly Secretary at a salary of \$50 -

Question 28 Was any other change made as to your salary and if so, what?

Answer Yes Sir, It was reduced to \$100 per annum at my own request at a meeting held on the 28 Sept 1874.

Question 29 Who was elected to succeed you as President

Answer Dr H. F. Butt who was elected on the 15 Sept 1875 at a salary of \$100 - and has been annually elected since and is still President

The further taking of these depositions adjourned till to morrow morning 10 O'Clock

G. F. Edwards Comr

Sunday February 20th 1877

Present. J. F. Crocker atty for plaintiff
C. W. Mordaugh " " Defendant.

Question 30 Were the accounts which you rendered to the stock holders meetings on the 26 April 1869 and the 22nd July 1871 accompanied by your vouchers and if so do said vouchers sustain the items of said accounts?

Objection is here made by Defendants attorney and exception taken to the question propounded, if by the same, it be intended or attempted by this means to prove said accounts without the production of the vouchers and an exhibition before this Commission of a full and complete account of his transactions by date and amount, from the commencement of the transactions of said Nathl Riddick as President - General Agent and Treasurer of the said the Albemarle Swamp Land Company, and upon the further ground that such a question has a tendency to hinder and delay the settlement of this account by assuming as correct, an account, which the defendant now has a right under the decree to be presented de novo. And the defendant here gives notice to the plaintiff that he shall require from him a full complete, detailed, itemized account of his transactions as President, General Agent, and Treasurer of said

"The Albemarle Swamp Land Company" from the date of his Commencement of his term of office to the period when he ceased to hold the same.

Question withdrawn by plaintiff Counsel.

Question 31 Please say whether or not any objection was made to the account rendered by you on the 26 day of April 1869 after it was examined by the stock holders at this said meeting and before the same was ordered to be readed on the ground of any error in the items of said account or on the ground of the failure to give said Company in said account any credit to which it was entitled or on the ground that the said account did not give a full and complete account of all your transactions as President, Agent & Treasurer or on any other ground whatever: and whether any objection on any of said grounds or any other ground was made to said account at any time thereafter before the institution of this suit?

For the reasons given above the question is replied to by Defendants Counsel. and upon the further ground that the same is leading and further the record of the Albemarle Swamp Land Company being before the Commissioners, are the best evidence of the facts.

Answer No objection was made to ~~entering~~ the account referred to as recorded on any ground whatever, either at the time of its approval and record or since, until the institution of this suit.

Question 32 I repeat the same question in reference to the account rendered by you on the 22nd July 1871?

Objected to for the reasons given above by Defendants Counsel.

Answer I answer as above in respect to the account of the 22nd July 1871.

Question 33 Please examine your account filed as Exhibit "D" filed with your bill of complaint and state on what page thereof is the beginning of said account?

The Defendant by his attorney objects to the foregoing questions on the grounds stated above and further that until the former accounts of the said Nathaniel Riddick as President, General Agent & Treasurer be properly proved and allowed there can be no balance struck upon which to base the account now sought to be proved. And the Defendant again calls upon the said plaintiff and her demands from him such an account of his prior transactions before proceeding further.

Answer The general account begins on page 46. in the

Same book page 1 shows the amount of cash and goods furnished Agent from July 17th 1871 to Decr 23^d 1871 - pages 3, 4 & 5 shows a similar account for the year 1872 - page 6 a similar acct from the 14 July to the 18 Sept 1873. pages 7, 8, 9, 10, 11, 12, 13, 14, 15, & 16. Shows amount cash paid hands &c for work and charges in their several accounts from the 17 July 1871 to the 25 Decr 1871. pages 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28 & 29 show the amount of cash paid hands for work & charged in their several accounts during the year 1872 from Jan'y 3 to Decr 20th. pages 31, 32, 33, 34, 35, 36, 37, 38 & 39 show cash paid hands for work and charged in their several accounts from Jan'y 20th 1873 to 19 Decr 1873. pages 40, 41, 42, 43 & 44 show the amount paid to hands in the employment of the Company when paid in less sums than \$5 from the 28 day of April 1873 to the 18th September 1873. pages 122 to 125 show the account of sales at auction of stock of old goods remaining on hand at Pantego N.C. belonging to the Albemarle Swamp Land Company on the 31st day of January and the 2^d 3^d & 4th days of February 1874 sold by Nathl Riddick by order of Company. The general account extends from page 46 to 73.

Question 34. Will you please take your said general account and go over it with the Commissioners item by

item commencing with the first item thereof on page 46 and produce your vouchers for said items if you have any and make such explanation as may be necessary or deemed proper by you or requested by the Commissioners.

The Defendant by his attorney excepts to the foregoing questions on the grounds already mentioned on questions of similar import and he requires of the Commissioners before proceeding further that in pursuance of the decree made which he is acting that he require of the said Nathaniel Riddick as President - General Agent and Treasurer of said Albemarle Swamp Land Company, a full account of his Transactions as such, which said account as directed by said decree can only be obtained by a detailed statement and production of vouchers of all ^{his} former dealings with said Company, as is now proposed in relation to Exhibit B"

The Counsel for plaintiff claims that in his mode of proceeding he is doing all that the law and the decree of the Court require - holding that the accounts rendered on the 26th of April 1869. on the 22. July 1871 having been examined and allowed by the Company are conclusive upon the Company.

The Commissioners without now deciding the points

raised by the foregoing questions concludes to go on with the examination without impairing the rights of either party.

Question 35. To facilitate the taking of this account you will please state how you derived the first item of said account to wit \$8240.50

Question objected to by Defendants Counsel because it purports to be an amount derived from a settlement of his accounts with the stock holders of the Albemarle Swamp Land Company when in fact no such settlement has been made nor can said balance be determined except by a full account of his prior transactions as required by the decree

Answer It is the exact balance due to me as shown by the recorded settlement of my Transactions as agent with the Company July 22^d 1871 herewith exhibited

Question 36 Omitting for the present all items of interest charged & credits in your account please proceed to present to the Commissioned vouchers for all other items in your account in the order they are entered therein.

After partially examining account and vouchers adjourned over till to morrow morning 10 o'clock

Thursday July March 1st 1877.

9 O'clock a.m.

Present. J. F. Crocker atty for plaintiff
C. W. Mundaugh " Deft.

Crop examined by C. W. Munday atty for
Defendants.

Question 1st You have stated in your examination in chief
that as President, Treasurer and agent of the Albe-
-marle Swamp Land Co. you rendered an account
of your transactions on the 26th day of April
1869, was the same accompanied by vouchers and
were the same returned to the Board at that meeting.

Answer It was accompanied with vouchers, and returned
to the Board at that meeting.

Question 2 Were said vouchers examined and if so by whom?
and where are the vouchers now, and in whose
possession?

Answer At the time there may have been only a cursory ex-
amination of the vouchers, but such as to satisfy
the board who ordered the account to be recorded.
It has been nearly eight years since that time
and considering the matter finally settled I did
not take particular care of the vouchers. I know
that I have some of them certainly the others are
scattered and I can not lay my hands on them.

Question 3 Were not said vouchers presented in a body as
the vouchers of said account, and if so how is it.
you have some and not all of them?

Answer The vouchers were together but have since been
scattered for want of attention, but I do not
say that after diligent search I could not find

the whole of them, or I could get them duplicated.

Question 4 You say you considered the matter finally settled, did you ever make a formal demand on the Company for the payment of that balance due you and if so, when and to whom?

Answer I mean the account was accepted, and I never made a formal demand for the balance due me but carried it forward as was customary ~~with~~ ⁱⁿ all such accounts with the Company.

Question 5 Were you present in person at said meeting? and were the minutes or proceedings read over to you and do they correspond with the record which have been produced here?

Answer I was present at the meeting referred to, I do not think that the minutes were read before adjournment.

Question 6 In pursuance of the decree under which this Commissioner is acting. You are required to render an account of your transaction as President, Treasurer and General Agent of the Albemarle Swamp Land Co. which account will embrace all your transactions as said offices. Please now furnish to the Commissioner a full statement of your transactions as President, Treasurer and General Agent as aforesaid embracing an inventory of the property of the said Company which you found on hand when you took charge as such officer.

Exceptions taking to the foregoing question, if thereby

is sought to require of the witness any other account of his transactions ^{prior to 1st July 1871}, than the accounts which were rendered at the meetings of the directors and stockholders held respectively on the 26th day of April 1869 & the 22^d July 1871 which were received and approved by the said meetings, and which we hold to be conclusive upon the Company as a full account of his said transactions required by the decree in this cause for and during the period above alluded to

Answer I do not so understand the decree but only for the time embraced in the account presented, if however in this I am mistaking I refer to the records of the Company as recorded for an account of my acts up to this beginning of this account. As for an inventory none such was ever taken, nor ever demanded or ever hinted at as desirable by the Company, and until now I have never been asked for it.

Question 7 Then I understand that you decline ^{to furnish} such an account and inventory, 'is that so?'

Answer For the reason assigned above the inventory could not possibly be furnished and for the same reason I decline to furnish any other account than those already furnished and recorded, and accepted.

Question 8 When you took charge of the Companies business as aforesaid did you not find at Pantego a store owned by said Company, all teams, appendages.

supplements and materials necessary for carrying on the business or operations of said Company?

Answer I found at Pantego such a store but there was little or no material ready for ~~the~~ conducting the business of said Company. All or nearly ^{all} of which I had to supply. All or nearly all being destroyed by the effects of the war. And which cost many thousand dollars to replace.

Question 9 Did you carry on said store for the benefit of the Company?

Answer The store was conducted wholly for the benefit of the Company.

Question 10 Do I understand you to say or imply that no one purchased from or had dealings with said store except those connected with said Company, and on the contrary did not the neighborhood purchase from said store?

Answer Some few goods were sold to neighbors, some of which are to this day unpaid for as the books will show. which books are now out of my possession but in the hands of the Company. Much of this business was in barter for such articles as was necessary for the Company. Corn. fodder &c

Question 11 By your answer above it seems that said store was of a general trading nature and others beside the Officers and employees of the Company purchased there from. please render an account of the merchandise purchased by you, of the receipts, sales and expenses

of said store?

Answer Perhaps not one dollar in fifty ^{was} disposed of by sale and barter to outsiders, the account now rendered shows the purchases made and the books now in the possession of the Company will show how the goods were disposed of. except the final auction sales which enter into the account now presented. The books will show perhaps that seven eighths of the merchandise went toward the making of lumber, and the cash received has always been accounted for to the Company

Question 12 I have not asked you the proportion of sales to outsiders or insiders but for a separate account of your transactions in merchandise as aforesaid from that of the sales of lumber, that is, separating the merchandise account from the lumber account, will you furnish such an account?

Answer My answer is that you must look to the account now rendered for purchases of merchandise and to the books of the Company for how the merchandise was disposed of. said books not being in my possession or attainable.

Question 13 Your Counsel has excepted to a former question by the defendant upon the ground that ^{your} said acct of 26th April 1869 is conclusive embracing a full and complete account of your transactions, please take said account and separate the items showing the profits or loss on account of the

store and the profits ~~or~~ losses on account of the
lumber dealing?

Question excepted to by Counsel for plaintiff on
the ground that it seeks information inconsistent
with the purpose of this suit and the direction of
the decree. I submit that the reference to the Commis-
sioner is not to ascertain the present or any previous
condition of the Company involving losses and profits
but to ascertain a true accounting by the witness
of the funds of the Company which were disposed of
by him and the proceeds of which came into his hands

The Counsel for the defendant maintains and here
again ~~main~~ repeats that he ^{is} entitled to a full and
Complete account of the said plaintiff and by the
plaintiff own showing he has since he has taken
charge of said Company had control and direction
of a store belonging to said Company and that
being a merchantile transaction in the account re-
turned that he has now the right to require of
the said Nathaniel Riddick as President, Treasurer
and General Agent of said Company an account
of the same, which is all the defendant seeks by
the foregoing question.

Answer The account now under investigation shows all money
and merchandise received on Company account

received within the period embraced, and also show the money expended in the Company's behalf including damages paid, repairs done, and salaries to Officers &c. Without possession of the Company's books. To which I have no access, it would be impossible to perform what ^{is} asked, even were it desirable or necessary.

Question 14 Then I understand that you refuse to separate the account as required and you make yourself the judge of the desirableness or necessity of the same?

Counsel for plaintiff intends to say that Counsel for the Defendant requires the witness to take the accounts which he hath hitherto rendered to the Company and separate items showing the profits and losses on account of the store and profits and losses on account of lumber dealing, thereby assuming as true what does not appear, that the said account shows items of profit and loss on account of either merchandise or lumber and he respectfully submits that the question requires to do an impossible thing.

Answer Without constituting myself the judge or any point presented in this investigation I make the same answer as last above written

Question 15 I now offer to you as attorney for the Albemarle

Swamp Land Co. every facility for examining and in any way using in these proceedings all books of the said Company throwing any light on information on the subject under consideration and ^{now} again repeat the question

Counsel for plaintiff wishes to know whether Counsel for Defendant now makes a present manual offer of said books.

Counsel for Defendant replies that as he is advised ^{said books are} voluminous and many in number and therefore necessarily retained in the office of the Secretary of the Company at Suffolk, but he tenders to the plaintiff the use of all the same, and if the plaintiff who has refused to some book or books as necessary for his rendering of a said account, the Counsel for Defendant will produce the same, if designated by him.

Answer I decline to examine the books now for the future offered me, since they went out of my possession years ago, and which the Counsel admits are not within Eighteen miles of this place. 1st because no such statement has ever before been required of the Company's agent, though they have been in operation thirty years, leaving each director and stock holder to examine them for himself at

length if he saw proper. 2nd because the task of undertaking would be almost an interminable one and 3rd it would be going outside of the account now under investigation, which shows all debits and credits, and not required by the decree before the Commissioners as I humbly consider.

Question 16 Did you ever make a demand for said books on any one and if so whom, and was the demand refused you and if so by whom?

Answer The books were sent by Geo D. Old present agent of the Company to the Treasurer by order of the Company all boxed up. - I have asked the Treasurer for some of the books and was denied. - In case of the Journal or records which has already ^{been} produced, even possession of that, was refused me, to carry before the Commissioners, and was sent by express I think to the President at Portsmouth.

Question 17 Do you mean to say that an investigation of any of the books of the Company was refused you, and if so by whom and what book or books?

Answer I desired particularly the last Journal, Day book, Ledger and record book of the Company, (the three first containing the account of Lumber Merchandise &c) when I made application to Mr Kilby the Treasurer for such books as might possibly be required before the Commissioners, and was told by Mr

Kilby that the books in his possession were boxed up, that he was responsible for their safe keeping but that he would send to the President by express, the box of books and the records.

Question 18 I repeat the question, Have you ever been refused the investigation of any of the books, and if so by whom?

Answer I have been denied possession of the books as above stated -

Question 19 You say "possession of the books" I repeat again were you ever denied investigation of the books?

Answer I never made a demand for an investigation of the books for I needed none for my individual information, but I thought they might be needed for reference before the Commission.

Question 20 You have stated in answer to the 8th Cross question that when you took charge of the affairs of the Company at Pantego there was little or no material on hand for conducting the business of the company, nearly all material being destroyed by the effects of the war. Who conducted the affairs of the Company for the years of 1865-1866 & 1867?

Answer I do not mean to say that there was no lumber made for there was some in the swamp, but none out ready for shipment - This lumber was all made by Richd. A. Riddick's agents who conducted the affairs of the Company for years before the war and the lumber then in the swamp was all

made before the war some of it many years and was all in a damaged condition, some of it split, rotten and valueless. It was not till the fall of 1867 that Rich^d H Riddick went back to recommence the business and he died in Jan^y 1868 when I became agent of the Company. I found nearly every thing necessary for conducting the business including mills, lighters and Canals in a dilapidated condition, the mills and lighters having to be entirely rebuilt and the Canals had to be cleaned out, besides having to build some eight or ten miles of tram road.

Question 21 I find upon the records an account of the transactions of Rich^d H Riddick agent commencing May 1st 1866 how could he render such an account if he did not take charge till the fall of 1867.

Answer I may be mistaken in supposing that Rich^d H Riddick agent did not take possession at Panteo until the fall of 1867. He may have gone over there in 1866 but still my impression is that it was not till 1867 that he went over and took personal possession as agent. The Merchandise charged by him as bought by him in 1866 may and I think was ordered from New York long before he went over to Panteo. His account as recorded and settled in the records of the Company was not made out and settled till after his death, which was done by his Executor.

Question 22 Why do you say with his Executor when the acct.

show with him individually?

Answer I can not state now why the account was made out in the manner it was, but I know what I said is true.

Question 23^d The second account before referred to by you returned at the meeting held on the 22nd July 1871 were you present in person at said meeting and if so where the minutes or proceedings thereof read over in your presence?

Answer I was present but do not remember that the proceedings were read over before adjournment

Question 24 Have you ever seen and read said proceedings since they were recorded and before the institution of this suit?

Answer I think I have.

Question 25 Did you ever make any objection to said record or account of any error or irregularity?

Answer Don't think I ever did.

Question 26 at the meeting held on the 28th of April 1869 at which you returned your first account it appears from an examination of said record that your account was "examined and allowed and ordered to be recorded by the Secretary" and at the meeting on the 22nd July 1871 at which you returned your 2nd account referred to it appears that your account was "examined and ordered to be recorded" why was not said last mentioned account noted as "allowed".?

Answer The proceedings at each of the meetings named were, I think, written out on the record from notes kept by the Secretary at the time. I do not now remember that there was any difference in the orders referred to. On examination I find the orders in the language used by you in your question.

Question 27 You have said that you have examined said records since the 22nd July 1871, if your said account had been allowed at said meeting did you not see the necessity of its being so stated?

Answer None whatever I regard the omission of the word "allowed" as purely accidental.

Question 28 As Judge of the County Court of Nassau County in confirming accounts of fiduciaries in your Court do you not make your orders in the following words or to that effect, "Confirmed, allowed and ordered to be recorded"?

Answer The proceedings of the Company were never kept with the exactness of the Court of records.

The further taking of these depositions adjourned over till to-morrow morning 9½ O'clock

G. F. Edwards Comm^r

Friday March 2nd 1877.

9½ O'clock A.M.

Present. J. F. Crocker atty for pl^{ff}
C. W. Muddagh " " Def^t.

Question 29. You have filed with your bill an exhibit marked "B" purporting to be an account of your transactions from July 1st 1871 to the 15th day of September 1875, do you present said account to this Commission as a legal and just account between you - self and the Albemarle Swamp Land Company?

Answer I do.

Question 30. Did you ever render any other account of your transactions from 1st July 1871 in any way differing or any variation from the account now presented?

Answer I have presented another account from the 1st July 1871 for a shorter period and for the time embraced therein, this differs from such an account in the items of interest, which could not have been then changed had the account be settled.

Question 31. You say you presented such an account for a shorter period, and the same differed in the items of interest; ~~from~~ what time did you embrace said account and what interest did you charge therein?

Answer The account as originally made out was from the 1st July 1871 to the next succeeding annual meeting of the Company. When I discovered that there was to be delay in the settlement and the account must necessarily embrace the remaining period of my administration as Agent &c, the account for convenience was made to balance on the 1st of January in each succeeding year. Interest was

allowed and charged on balances including interest on cash advances.

Question 32 Then you mean to say that you have presented a different account to the Company from that now filed with your bill?

Answer There is no difference as before stated except the period embraced in the account and ⁱⁿ this account the interest is made out on each separate item.

Question 33 What interest have you charged on each separate item.

Answer I have charged and credited 12 per cent interest on all items, my reason for doing so was that I had to pay 12 per cent interest for money to carry on the operations of the Company. Most of this, or nearly all, was at that rate in bank renewable every sixty days. - The aggregate of such advances amounted to many thousands.

Question 34 You say that you had to pay 12 per cent interest on money to carry on the operations of the Company. is not all that charged to the Company and does not account "B" filed by you show the same?

Answer Yes I had to pay the advances necessary and that rate of interest is charged from the period it was paid out for the Company's benefit.

Question 35 You had to pay or the Company had to pay through you?

Answer I was required to prep the business vigorously and to

do so required a far larger sum than the receipts of the Company furnished. I borrowed the money, the notes endorsed by one or more of the directors and such interest as due thereon I had to pay and did pay myself. I had authority to borrow when money was necessary and as such I signed the notes as President of the Company in all or nearly all the notes. All such notes have since been taken up by the Company and are credits to the Company in the account now under investigation. I gave the Company receipts for amounts so paid. Most of the money borrowed as above stated was from the Banks, a part of it however was from private individuals. The Treasurer upon paying these notes as a general thing, handed me the notes, taking my receipts for the same, which was charged against me.

Question 36. Then you did not pay individually, the 12 per cent but charged it to the Company?

Answer On the contrary, I not only paid the interest but the principal also as shown by this account.

Question 37 This account runs from 1st July 1871 to when 1st balance is struck to Dec 31st 1871 why did you alter the account to balancing in 6 months instead of 12 months as you had formerly done.

Answer When I discovered there was to be delay in the settlement and that the account must necessarily embrace the remaining period of my administration

as agent, the account for convenience was made to balance on the 1st of January in each succeeding year. & to wit 1st Jan'y 1872 and on each year after.

Question 38. Was not the interest item of your first account rendered different from the one filed with your bill?

Answer There is no difference as before stated except the interest now charged is made to show the amount on each separate item.

Question 39. When you balanced your account in the first instance at the end of 12 months from 1st July 1871 and charged 12 per cent on that balance, now you charge upon each item of the account before balancing, is that so?

Answer The interest on the balance due 1st July 1872 was charged thereafter. I did balance my account in the 1st instance at the end of 12 months from 1st July 1871. or rather to the period embraced in the account and I charged 12 per cent interest on the balance thereafter.

Question 40. How many accounts did you render after the 1st of July 1872?

Answer I think three or at least as many as there were regular meetings of the stock holders, up to Sept-1875 when the present account was rendered. my accounts were made out annually.

Question 41. In said three accounts rendered was the

interest charged on the several items therein as now charged in "Exhibit B". but on the contrary was it; the interest, not only charged on the balance of each account?

Answer It was charged on the balances as they severally appeared and also on cash advanced for the benefit of the Company, but not itemized as shown in the account now under investigation.

Question 42 I find on page 50 Exhibit "B" the 1st entry of interest as follows "To Int on 16 last items amounting to \$1351.42 to 1st Jan'y 72. \$18.76" was that item charged in your former account?

Answer It was not charged in the form as there exhibits.

Question 43 I find on pages 46. 48 & 50 of Exhibit "B" various items of interest charged. please take said account and point out to the Commissioners the several items (if any) that were charged in your said first account.?

Answer I find upon examination that every item charged on the pages referred to correspond exactly with those in the account originally presented - with two exceptions. 1st the interest is not charged on each item in the original account as presented in Exhibit "B" and 2nd the last item on page 50 in the following words "To discount charged in New York on unmatured lumber sale. see returns dated June 1st 1872

\$43.96" does not appear on the original account.

Question 44 Have you the account or a copy thereof refers to?

Answer I have.

Question 45 Please present the same to the Commisshiners?

Answer They are kept by me for my own guidance and convenience and I propose so to keep them until this account is finally settled.

Question 46 Then I understand from you that although the decree in this cause directs "And the said parties will produce before the said Commisshiners all books, papers and accounts concerning said Transactions as aforesaid, required by the Commisshiners or either of said parties" and said paper being now called for by one of said parties that you decline delivering or producing the same to the Commisshiners?

Answer My account with the Company is fully presented in every detail by the account now before the Commisshiners with corrections if even any possible error existed in the original account.

Question 47 I again call for the paper or account to which you refused to and ask its production before the Commisshiners? Will you produce it or not?

Answer For reasons before assigned I decline to produce it.

Counsel for Defendant here gives notice to

plaintiff that he will ask for the proper process to require its production before the Commissioners.

Upon reflection the witness now states, left his refusal to produce the accounts called for, may be misconstrued, he now produces them, and says, my refusal in the first instance was based on the ground that they were my private papers and the Counsel had no right to call for them, and further because I thought their production would prolong the examination and encumber the record. I have true of these accounts that I now produce and which I mark respectively ~~marks~~ "X" "Y" & "Z". The first in time seems to be "X". This account is merely an entry of the debts and credits, running from the 1st July 1871 to Sept 1873, without any rest in count or balance stated and without any charge of interest, and all the credits to said Company in said account are to be found in the account now under investigation before the Commissioners, and all the charges against the Company appearing in the account now under consideration by the Commissioners for the same period are to be found in account "X" with the exception of some omitted items for which I have produced vouchers to the

Commissioner, Account marked "Y" runs from the 1st July 1871 to July 1874 and account "Z" from July 1st 1871 to Jan'y 1st 1875 and are I think identical in all respects with the account now under investigation for the corresponding periods. The credits and debits seem to be identical so far as I now recollect and believe, except as to the arrangement of some of the items in the account. These accounts have annual rests and balances and interest is charged on the items substantially as in the account now before the Commissioner. I have ^{made} no change in the present account before the Commissioner as the Company that does ^{not appear} in the two accounts marked "Y & Z" except a few items for which I have already produced vouchers and there is no credit in these two accounts ^{with} which I have not credited the Company in the present account.

Question 48 You say that you have made a different arrangement of the items of the said account, for what reason was said change made and mention the items in which said change was made?

Answer Some the items in the accounts X, Y & Z are not entered in the order in which they were paid. Some of them being paid when I did

not have the books with me, and besides, in the arrangement of the account it is made to balance at different periods, they are entered in the account now before the Commissioners according to the day & month.

Question 49 You say that the interest charged on the items is substantially the same as that charged in the account before the Commissioners, that would seem to imply some change, is the change made for your benefit or in the interest of the Company?

Answer I do not mean any such inference or say that there is any change, not having had the time to compare the accounts, I used the word substantially. I have found them alike as far as I have examined since the question was propounded.

Question 50 I find upon page 50 Exhibit "B" the following entry - "Cash paid for labor to hands of the Company from 17th July 1871 to January 1st 1872 and charged in this several accounts, as per detailed statement contained in this book \$6007.67" was not said amount paid by you out of moneys from the store at Pantego belonging to the Albemarle Swamp Land Co.?

Answer A small part of it might have been paid by money taken from the Company's store, but with that amount I am charged in this account.

Question 51 Did you not keep a cash book showing the amount received in the store and the amount were you had drawn therefrom?

Answer Such a book was kept by the Clerks and is to be found among the Companies books unless misplaced.

Question 52 Who were the Clerks that kept such books?

Answer The clerks were R. R. Allen, Mills Riddick and John St. Hope. When pressed with business they were aided some times by Mathew Lewellyn.

Question 53 When did you receive the cash from the store, was it daily or weekly?

Answer Without regard to time, cash was taken from the store as received. Such cash was always taken out by the Clerks, Counted, handed to me and charged to my account.

Question 54 Have you not said during this examination that it was your habit and custom to take the cash from the store every night?

Answer I think not. If any such construction can be placed upon any answer I have made, it must have arisen from a misconception of the question asked. For one fifth of the time I was not at Pantejo at all.

Question 55 I have not asked you as to any answer upon the record but upon your allegation in presence of the Commissioner during the progress of this examination, do you deny that you have made such a statement?

before the Commissioner?

Answer I mean to state emphatically that every dollar and cent received by me from the Company's store both in amount and as to time correspond with the detailed statement filed with the account.

Question 56 Do you mean to say that said detailed statement refused to show the day and date on which you received cash from the store?

Answer I do.

Question 57 Where is said account found?

Answer On pages 1, 3, 4, 5, 6 in book filed as Exhibit "B".

Question 58. You have refused to exhibit pages as showing the cash received by you, from what period does the same run and what is the amount?

Answer From the 17th day of July 1871 to the closing of my account 15 Sept 1875. and the amount aggregates three hundred & twenty ^{nine}/₁₀₀ Dollars (\$329.33)

Question 59 How was it possible that on the 30 Decr 1871 you could have paid as the agent of the Company \$6007.69 when ~~up~~ according to your foregoing answer \$329.33 up to Sept 1875. was all you had received.

Answer It was paid out of my individual resources and money borrowed.

Question 60 You say out of your own individual resources

and money borrowed. Do you mean that you borrowed money on your own responsibility or as agent for the Company and which is accounted for in these accounts?

~~Answer~~

Before the answering of the question the Commissioner adjourned the further taking of this deposition till to morrow morning 11 O'clock a.m.

Present. J. F. Crocker atty for pliff

C. W. Maudslop " " Deft.

Answer

X I regret that my prior answer to a somewhat similar question has not been understood. I had often from time to time to borrow money to carry on the operations of the Company, this was done with the knowledge of the directors and with their approval. Sometimes the money was borrowed on my individual credit without security. Sometimes it was borrowed from individuals and I signed the obligation as President or agent of the Company, and in such notes frequently appeared the exact purpose for which the money was borrowed. as for instance,

to pay for mules & for Company. but more frequently still and in larger sums, the money for the purpose indicated was borrowed from Bank, and I think always endorsed by a director of the Company. With money thus obtained I paid the demands on the Company and charged the Company with each separate amount as paid. The Bank debts refused to when curtailed or simply the interest was required such curtail and interest was always paid by me, but now charged to the Company for the simple reason I was charging interest to the Company on each item as it was paid for their benefit. In this way if there was so much as one dollar not appropriated to the purposes of the Company they had no interest to pay on it. On my retirement from the management of the Companies affairs as the Bank ~~debts~~ were paid off, or renewed without the appearance of my name on them, I gave to the Treasurer full receipts for the respective amounts and at once credited the Company accordingly. In this view I answered that I borrowed the money individually backed up by the Company.

Question 60 Did you not pay the amounts so borrowed by drafts on the Consignees or Factors of the Company in New York or Philadelphia or from proceeds of lumber belonging to the Company?

Answered I did not. I have no recollection of ever

paying any of the debts by draft on the lumber sold, but even if I had it would have been perfectly legitimate and proper, because all such proceeds of lumber were charged to me and accounted for, as will be seen by reference to my account now before the Commissioners.

Question 62 ~~By reference to your accounts "X" "Y" & "Z" presented on yesterday I find that your salary for 1871 is marked "to amount of agent's salary for 1871 \$1500.00 and by reference to exhibit "B" I find the same charge on the other side of the accounts?~~

Question 62 By what authority have you charged interest at the rate of 12 per cent on the balances as shown in exhibit "B"?

Answer By authority of the fact, that sum or rate was paid by me for money to carry on the operations of the Company, except ~~Nine~~ ^{Nine} hundred and fifty seven Dollars, upon which I paid ten per cent. and perhaps a thousand Dollars which I borrowed from the Suffolk Banks, at a less rate than 12 per cent. I think ten per cent, and further because all the bank debts had to be renewed every sixty days interest paid in advance. and still further because I have credited the Company with 12 per cent on the amount coming into my hands on this account.

Question 63 The above amounts then to wit. (Nine hundred & fifty seven Dollars. \$957.00 and about \$1000.00

which you borrowed from the Suffolk Banks) are the full amounts on which you charge 12 per cent upon which you did not have to pay 12 per cent?

Answer I do not pretend to say that that is the exact sum, but not having a memorandum before me and the length of time that has since elapsed would preclude the possibility of my speaking definitely.

Question 64 But you have charged 12 per cent on all balances commencing Decr 31st 1871 have you not?

Answer I have.

Question 65 Is not your salary embraced in the account prior to balancing the account Decr 31st 1871? and if so have you not charged the Company 12 per cent on your salary?

Answer It is a fact that rate of interest is charged on the balance and my salary constitutes a part of it.

Question 66 Did it not strike you that while making out account marked exhibit "B" that by your mode of making out said account you were charging interest upon interest and that too at the rate of 12 per cent?

Question objected to on the ground that it is merely argumentative.

Answer The account on both sides of the sheet will show

that fact which I regard perfectly legitimate, the sum or balance being shown as due for each year which it was the duty of the Company to discharge it being an ascertained debt.

Question 67 The balance at the end of each rest in the account and the 1st rest being at the end of six months instead of 12 months, being always in your favor it could only operate for your benefit. is not that so.

Answer The balance to any mans credit is to his benefit.

Question 68 I have not asked for the enunciation of a general proposition but a particular reference to yourself and the account now under consideration, please answer the foregoing question?

Question objected to by plaintiffs Counsel on the ground 1st That it is argumentative. 2nd It asks the opinion or judgment of the witness on a given state of facts. while it is respectfully submitted that it must be left to the Commissioners ^{& the Court} to determine whether the manner in which the account is stated is proper and legal and to determine the conclusions to be drawn from the manner of its statement as to its advantage or disadvantage of either party).

Answer In this case it is of course for my benefit.

Question 69 I find on page 50 of exhibit "B" a charge of \$1975.89

purporting to have been paid by you August 3rd 1871 as shown by return of Demill & Co dated June 1st 1872. If this return was only made June 1st 1872 how do you account for this item being charged on the 3rd Augt 1871?

Answer Because that was the day of the purchase of the bill of merchandise and from which time interest was paid on it, though no return of such bill was made to me by Demill & Co until June 1st 1872, exhibiting its payment on the 3rd day of Augt 1871.

Question 70 Do you mean to say that you paid Demill & Co or any body else that amount of \$1975.59 before the rendering of the account June 1st 1872?

Answer I mean to say that the lumber shipped to Demill & Co and with which, the total amount, I have credited to the Company is charged with the bill of merchandise and interest referred to, as set forth on page 50 exhibit "B", and also shown by the returns of Demill & Co dated June 1st 1872.

Question 71 Please answer the foregoing question?

Answer If you mean to ask whether I paid it in cash or by draft I answer no, but paid it out of lumber shipped and with which I have charged myself.

Question 72 On the 3rd August 1871?

Answer It was a cash bill and was paid by Demill & Co on the 3rd day of August 1871 I presume for from

that day until the date of his return I am charged with the interest.

Question 73 You have not answered my question, when did you pay it?

Answer I regret that I have failed to make myself understood by the Counsel. I have no purpose to conceal any thing nor ^{not} to answer promptly any question he may ask. I thought I had answered the question fully as I understood it; but as it appears that I did not understand the question in the same sense of the Counsel who put it. I respectfully ask him to renew the question in such a form as will point out the particular matter on which he seeks information

Question 74 I thought that I had asked a very simple question but will now endeavor to make it plain, When did you pay the item of \$1975.59. Did you pay it on the 3rd Augt 1871 the day it is charged in exhibit "B". if not on that date please state the date?

Answer I did not pay the item of \$1975.59 in money on the 3rd Augt 1871, but that bill of merchandise was charged to me on that day and paid by Demill & Co. In their returns dated June 1st 72 that particular bill of merchandise was paid on the 3rd Augt 1871 and not only that bill of merchandise but interest on it also to the 1st June 1872 are charged in said returns, and all charged to the lumber shipped to Demill & Co.

With the total amount net proceeds I have charged myself in the account now under investigation, and simply charge the entire cost of that bill of merchandise to the Company as an offset to that amount.

Question 75 I asked in the above question a simple fact of dates which I humbly submit has not been ascertained, but I will not press it further. I now ask the witness if paid by him prior to the 1st day of June 1872 why is it that in the return of Demill & Co they have charged interest upon said amount which upon a calculation will be found to be New York interest from the 3rd Aug 1871 to 1st June 1872?

Answered For the simple reason that "their returns made out from time to time they always charged interest at New York rates and credited lumber sold at same rates, with which the Albemarle Swamp Land Co is always charged or credited

Question 76 Then you as the Agent of the Albemarle Swamp Land Co paid interest to Demill & Co on said amount at New York rates up to the 1st of June 1872 and yet have charged it in your account exhibit "B" as of date Aug 3rd 1871, is not that so.

Answer The returns show that I did pay interest at New York rates to Demill & Co up to 1st June 1872. The 3rd Aug 1871 designates the bill of merchandise the day upon which it was made and it

is entered in my account under Decr 30th 1871.

Question 77 If I understand you, you have charged in Decr 30th 1871, and embraced said amount \$1975.59 with interest charged by Demill & Co in your balance of Decr 31st 1871. When it was not in fact paid or in any way settled until June 1st 1872?

Answer My object in the entry was to embrace all purchases during the year of which they were made, the interest as charged being paid up to the 1st June 1872, is perhaps an error, and it may perhaps also be error to have charged the merchandise under my account of Decr 30 1871 instead of June 1st 1872. This matter I submit to the Commissioners Court.

Question 78 Do not all the items following that on page 50 except the item of salary stand in the same relation?

Answer They do.

Question 79 Your account exhibit "B" shows a balance in your favor on the 1st of July 1871 of \$8240.51, had you not borrowed money on account of the same and was not the same or a portion thereof paid with the amount so borrowed?

Answer No sir.

Question 80 I find on page 71 that you have given credit to the Company for board of wife and daughter at Santiago for 6 months from 19th December 1871 to 15 June

1872 \$200.00. is that a proper board and if so why did you give the Company credit for it?

Answer The housekeeping at Pantego was wholly on the Company's account in which board to employ - us was to be furnished, ~~this was~~ the understanding when such employees were hired. For nearly six months my wife and daughter were there and I gave the Company credit for the \$200.00 board, which was an extremely large one for that Country.

Question 81 Did you furnish the house out of the store?

Answer Groceries and such things were taken from the store.

Question 82 Did you furnish or procure ^{the} other necessities for the house from the proceeds of the store?

Answer All other things necessary for the table were furnished from the proceeds of the store & mill.

Question 83 Am I to infer then that the Company furnished and carried on your house at Pantego either from the store or the proceeds thereof and that no account of the same was taken or kept, save and except as you might desire or your wants dictate?

Answer I am sure a housekeeping account was kept and ought to be among the papers. Not only was the table supplied but the house furnished at the Companies expense.

Question 84 I find no item in your account exhibit "B" where you have charged yourself with any board or

any expense of the table of the house before referred to. Why have you not made such a charge or memorandum to show in full your transactions as agent of the Albemarle Swamp Land Co.?

Answer Because the employees of the Company including myself were engaged with the understanding that there was to be no charge for board.

Question 85 You say that you were engaged with the understanding that there was no charge for board, with whom and when was such a contract entered into?

Answer Such was my understanding of the matter and though there is no written record to that effect. it was known to all the Directors. acquiesced in, in every former settlement of my account, besides when any director or stock holder visited Pantego. it was equally desirable that they should be there without expense to themselves or to any particular individual, but be a charge to the Company generally.

Question 86 I find by reference to the proceedings of the board of Directors that you as President, General Agent and Treasurer were to receive \$1500.00 for your services annually, which is the only memorandum or contract that I see where you were to receive anything further, If I have overlooked in said proceedings

any contract or memorandum allowing you anything further for the same, please now point it out to the Commissioners.?

Answer I know of no such written contract or memorandum -

Question 87 I now call upon the witness to furnish to the Commissioners a statement of the proper board that might be charged him by the Albemarle Swamp Land Company on an account of the household expenses of the house carried on and conducted by him at Panteego during his term of office?

Question excepted to by plaintiff attorney, the witness having disclaimed the right to charge board I submit that it is incumbent on the Company to make out its account for board, rather than upon the witness to do so.

Counsel for the Company replies that ^{by} its bargain with Nathaniel Reddick as President, Treasurer and General Agent, it was to pay him \$1500.00 annually for his services and nothing more, and the witness having acknowledged that he lived and carried on a household at the Company's expense, it is proper now to call for an account of the same.

Answer ~~amount~~ to board can be properly charged to me, and until now I never heard of such a demand. A small book or memorandum of coffee, sugar &c furnished by the store for house keeping purposes ought to be found among the papers not now in my possession

Question 88 Then am I to understand you decline to furnish me such an account?

Answer I do not propose to charge myself with any such amount.

Q. 89 The attorney for the Company here calls ~~exhibits~~ upon the Commissioner to require of the plaintiff such an account as above referred to and he submits the same to the Commissioner and Court.

Counsel for plaintiff calls on Counsel for defendant to state explicitly, what account he calls for

Counsel for Defendant replies that he calls for either a succinct and detailed statement or account of the household expenses of the house which the witness says the ~~Company~~ kept at Pantego, and also for the rendering by him of a proper just and legal account of an amount for board with which he should be charged.

able

Counsel for plaintiff replies that he respectfully submits that the taking of the account of the household expenditures of the House refused to, is not pertinent to the inquiry now before the Commissioner ~~unless it be~~ ~~frustrated~~ unless it be first shown that the plaintiff is chargeable with said expenses. The witness having stated that he has not here present the book containing the account of said household expenditures, yet on behalf of the plaintiff the said book will be produced if it can be had, if at any time hereafter, the Commissioner should deem it pertinent to have the same before him, or if insisted upon hereafter by the Defendants Counsel.

Counsel for the defendant has offered to the witness the plaintiff on behalf of the Albemarle Swamp Land Co. every facility in the way of the production of the books in the possession of the Company and now again offers them to him, and he now calls upon the Commissioner to require of the plaintiff such an account as the one called for.

Plaintiff Counsel calls upon the defendant Counsel to cause to be produced before the Commissioner at once or without unreasonable delay every book or paper now in the possession of the Company or its agents containing any matter about which he wishes to examine the witness or concerning which he wishes the witness to depose.

Counsel for the Defendant replies that he is ready to present to the witness every book and paper in the possession of the Company and he calls upon him now to name the book or books, the paper or papers which ^{he} desires to aid him in this investigation and he will produce the same within a reasonable time and the witness having now expressed before ^{at 10th past 6th March} the Commissioner that 10th past 6th March 3rd 1877 his intention of returning to Suffolk ~~road~~, ~~business~~ and the further taking of these depositions be adjourned to some future day, he requests of the witness when in Suffolk to call upon John R. Kirby, Treasurer and select therefrom such books & papers and the same shall be forwarded to the Commissioner.

Plaintiff Counsel declines on behalf of the witness the request to call on John R Kelly for the books and again renews the demand on the defendant to produce the books in his possession about which he wishes to examine the witness and as the book showing the account of Household expenses is in the possession of the defendant he requires the defendant's Counsel to have it produced whenever he wishes to examine the witness in relation to said account.

The further taking of these depositions adjourned over to Monday at One O'clock P.M.
March 5th 1877

G. F. Edwards
Counsel

Monday March 5th 1877

Present. J. F. Crocker atty for pliff
C. W. Muddaugh " " Defs.

Question 89 Did you ever as President, Treasurer and General Agent of the Albemarle Swamp Land Co. borrow for the use of said Company any money and if so when and what amount from John S. Riddick?

Answer

Before answering the question asked I desire to state to the Commissioner that in my attempt to have the account now before him right in every particular I have since the adjournment on the 3rd inst. discovered an error which I now desire to correct, it is to be found in Krocop & Sheets returns dated the 29th Dec^r 1871 and consists in an omitted item of \$238.49 and I herewith had you the return exhibiting that fact.

Answer

The entire sum borrowed of John S. Riddick including the rate of interest agreed on amounts as shown by statement herewith submitted to \$4619.54. 1st a note dated Mch 22^d 1870 for \$100.

	\$100.00
Int. 12 per cent	60.50
2 nd a note dated Apr 25 th 1870	216.50
Int. 12 per cent	129.54
3 rd a note dated May 16 th 1870	265.50
Int. 12 per cent	157.00
4 th a note dated Aug 27. 1870	120.00
Int. 12 per cent	66.16
5 a note dated Apr 16 th 1871	500.00
Int. 10 per cent	200.55
6 a note dated Nov 11 th 1871	182.00
Int. 10 per cent	62.90
7 a note dated Dec 16 th 1871	275.00

Int 10 per cent	91.94
8 th a note dated July 6 th 1872	300.00
Int 12 per cent	100.00
9 th Cash account average due	
Jan'y 1 st 1873 after deducting	
credits	1400.00
Int 10 per cent.	322.38
10 th A private acct	69.17
	<u>\$4,619.54</u>

It may be proper to state that the last named account was one wholly of a private character and also that the notes numbered as above 4.5 & 6 are not signed by me either as agent or President. I have no doubt a part of the money was used for company purposes, though it is possible the whole amount may have been used for my private purposes. I conceive that that makes but little difference ~~the~~ my account is charged with the whole amount as soon as it was assumed by the Company. **cto** 1.2.3.7 & 8 I think have an endorsement on them designating the particular purpose for which the borrowed money was intended. The account on which there was a balance of \$1400.00 shows the particular hands in Company's employment to whom the money was paid on my order.

Question 90 The first note which you mentioned in the above

enumeration is for One hundred Dollars date the 22^d March 1870 and payable one day after date, with memorandum attached "paid to R. R. Allen balance on wages for 1869" is the same or any part thereof embraced in either of the accounts which you returned to the Company on the 26th April 1869 and on the 22nd July 1871 ^{or so when?}

Answer

It is embraced in the amount cash paid to employes of the Company and entered in acct settled the 22nd July 1871.

Question 9: Please take each one of the notes or bonds in their order as enumerated and mentioned in your answer to cross question 89 and state when the same are mentioned in your account.

Answer

Note No 2 for \$216.50 was borrowed as the note or memorandum at the bottom shows to pay bank interest. I am sure the greater part went for that purpose. No 3 for \$265 was a part of the \$330 paid W. W. Hall for mules and having a separate receipt for the same and was charged in account already settled. Note No 4. 5. & 6 are explained in a former answer as far as I am able, if however any part went to pay hands so did the whole of No 7 & 8 ~~it~~ enters into my account charged as amount paid hands employed by the Company. No 9 the account of \$1400, went to pay hands and enters into the account

charged for paying hands. The dates being given I presume that all money thus borrowed from John J. Riddick as before qualified, obtained before the 22nd July 1871 entered into the account rendered on that date, in the item for amount paid hands for Company, and all money since obtained from said Riddick is embraced in a similar item in the account now before the Commissioners - I desire to say, that explanation on Note No 8 explains itself.

Question 92 From your answer above I infer that there is a certain amount, if not the whole, of the \$4619.50 credited in your account marked Exhibit "B" April 20th 1875. was charged in your accounts rendered either on the 26th April 1869 or the 22nd July 1871?

Answer The different sums that went to make up the \$4619.50 if obtained from John J. Riddick before the 1st July 1871 went into the ^{acct} settled on that date and such portions of it as was since obtained entered into or goes to make up the item for paying hands of the Company in the present account, except as above qualified.

Question 93 What proportion of said \$4619.50 was obtained and charged by you prior to 22nd July 1871?

Answer The statement submitted shows \$582 as the sum; this does not embrace Note No 4506 amounting to \$802 which as before stated was payable on private account.

— 77 — because my name as President or agent was not signed to them.

Question 94 Then you say that there is a certain amount of \$4619.54 embraced in your account of the 22nd July 1871, was charged by you in said account, if so, have you charged upon all of said amount in your subsequent accounts rendered, 12 per cent?

Answer Yes and went to make up the balance due in said settlement on which 12 per cent is charged.

Question 95 What was the amount of principal of \$4619.54

Answer \$3428.17 was the principal amount. if I have correctly added. the balance \$1191.37 was interest.

Question 96 How the Company has paid \$1191.37 interest to your son John J. Riddick which is credited as paid by John R. Kilby in the said amount of \$4619.54. and which was charged by you in the account balanced from on the 1st January 1874 Exhibit "B" showing \$21,517.53

Answer John R. Kilby has ^{paid or} otherwise arranged the debt due to John J. Riddick of \$4619.54 - \$1191.37 of which is interest and the Albemarle Co in my account is credited with the whole amount.

Question 97 How can you say that the Albemarle Swamp Land Co is credited with the whole amount

when you have just said that an amount (probably \$802) was for your individual use?

Answer I repeat that the Company has credit in my account for \$4619.54. and if the entire amount had been for my individual benefit the credit would have been proper as so much paid on the indebtedness to me.

Question 98 In answer to foregoing question you have shown that the amount of indebtedness to your son John S. Riddick including principal and interest was \$4619.54 and yet I find upon page 73 of Exhibit 'B' the entry next following the payment of said amount interest on same to Sept 15th 1875 \$227.88. did you as the President, Treasurer and General Agent of the Albemarle Swamp Land Co having already calculated the interest on the several amounts, as shown by your paper filed (and that at 12 per cent) again sanction or direct the payment of interest which is interest on interest?

Answer I take it that if the whole amount of \$4619.54 had been for interest due by me to Mrs. Riddick or anybody else the Company ought to be satisfied when I credit them with the amount paid, the amount aforesaid was paid on the 20 April 1875 and I have credited the Company with \$227.88. int- on the same

at the rate of 12 per cent to the 15 Sept 1875 the day on which I supposed the account would be settled.?

Question 99 Before answering the 1st question in your cross examination to day you stated that you desired to make an explanation or correction in your accounts rendered of \$238,49 then I presume that since Saturday last you yourself have found an error in that account, the last one rendered.!

Answer Such is the fact and I desire the correction made in the present account. I mean the error occurred in the present account Exhibit "B" by omission and I wish it entered as of Oct 22nd 1871.

Question 100 I now require of you as the President, Treasurer and General Agent of the Albemarle Swamp Land Company to render to this Commission and the Court a full account of your transactions as such, embracing an account of lumber, sales and expenses, a store acct. Merchandise, bought and sold, household expenses carried on by you at Pantejo N.C. each separately and I ask the Commission to require of the witnesses the same.?

The further taking of these depositions adjourned over till tomorrow morning 10 o'clock a.m.

G. J. Edwards, Commr

Tuesday March 6th 1877.
3½ O'clock P.M.

Present. J. D. Crocker atty. for pliff.

Answer

The Albemarle Swamp Land Co was organized in 1840 and up to the end of my agency with the (exception of a single year) was always conducted by some very large stockholder who had a further interest in its success than the simple salary he was to receive. The chief business of the Company consisted in the making of shingles and staves, getting them from the swamp and preparing them for shipment, on their land in the Counties of Beaufort and Washington, State of North Carolina. The particular kinds of lumber made were 30 in cedar 30 in Cypress. 24 in cedar and 24 in Cypress shingles. 30 in cedar staves, & 24 in cedar staves, and in 6 in bunch shingles, and 18 in bunch cedar shingles. As the 24 & 30 in cedar shingles were brought from the swamp, the Cooper shingles were selected from them, piled and shipped to themselves. All other of the 24 & 30 in cedar & Cypress shingles had to be shaved, put up in bunches of 25, each bunch being tied with rope bought in New York for that purpose. The shingle makers had a fixed price for each particular kind. Among the employees of the Company was a counter and inspector, whose duty it was to be in the swamp at all times when his duty did not

require him at Pantego. He inspected and counted the shingles and other lumber, which as done he gave to each shingle manufacturer, a receipt, designating the particular kind and quantity made by him. Which receipt was at once brought out to Pantego and the account of the hand credited with the particular kind and quantity of lumber made by him. The inspector also entered all such lumber counted by him in a book which he kept with him for that particular purpose and compared it with the entry to the credit of the hand when he came out of the swamp at the end of the week. With the exception of the Cooper shingles refused to, all other shingles were shaved, ~~at~~ this was a very heavy and expensive business, \$4.00 per thousand being paid for the shaving of the 24 in shingles & \$5 per thousand for the 30 in shingles. This was done under a very large shelter which I had to erect. The shingles after being counted had first to be carted to the tram road, then carried to the canal and in lighters brought to Pantego, from whence all shipments were made, having first however to be lighted down the Creek, four or five miles to the anchorage. All the lumber manufactured by the Company that was sold by the Company during my Agency was shipped to Demill & Co of New York and Norcross & Shuts the Consignees chosen by the Company and sold by them for the Company. In my previous accounts rendered and in my present account I have truly and correctly

included and accounted for the proceeds of all lumber sold by them according to the returns made by the said Consignees. I have placed before the Commissioner the consecutive returns of said Consignees covering the period of my agency from July 1st 1871 to its close. These returns show the quantity of lumber sold during that period and the amount of proceeds of sale of same. These returns present an accurate account of lumber shipped and sold and proceeds of sales which is called for by the question. As to the quantity of lumber manufactured - the books of the Company will show all the lumber manufactured during my agency and to which books I refer you as furnishing the account and the data of the account called for by the question. However to ascertain the quantity of lumber manufactured you will have a great labor, You will have to refer to the individual account of each of the employees engaged in making lumber, for the quantity manufactured by each and then make a summing up of the whole. I do not see that it is incumbent on me to do this labor and besides if I did the Commissioner would have to go over the very same work to verify my statement. I respectfully submit that I fully comply with the demand of the question by requesting the defendants Counsel to place these books before the Commissioner, which will enable him to ascertain and state the quantity of lumber manufactured, if such statement be in-
vis-

- ted on by the Counsel, and deemed pertinent by the Commissioners. I wish here to state that the only shipments of lumber made by me not sent to Demill & Co and Norcross & Sheets were a lot of 12 in cypress shingles - Trespas shingles - taken in Plymouth by Attachment, which were sent to Baltimore and were accounted for in a previous account with the Company.

I further wish to state that the only lumber other than shingles and staves manufactured by the Company was some sawed lumber, sawed at the Company's mill. This is a small mill, one upright saw, driven by water. The logs for the mill were obtained chiefly by sawing on shares for the neighbors and perhaps $\frac{3}{4}$ of the logs thus obtained were converted into scantling 4 x 4 inches for the tram roads, of which, there are about 9 miles. The saw mill also furnished lumber for the rebuilding of the grist mill, stables & also lumber for the repairing of the many out houses and lumber for the building of two new ones - On one or two occasions some of the sawed lumber was sent to Demill & Co and perhaps to Norcross & Sheets and is accounted for in their returns, but little was sold in the neighborhood and when so sold was entered in a small mill book and when paid in cash the money was put in the store and was disposed of as other cash taking in by the store. The Merchandise Department of the Albemarle Swamp Land Co was attached to its other branches to

expedite the making of lumber which was its chief business. In the accounts which I have heretofore rendered to the Company and in the present account I have stated all the merchandise purchased for the store during my agency and my present account states all the merchandise purchased for store under my agency since July 1st 1871. The merchandise purchased consisted of hay for the Company's team, rope to bunch the shingles with, whiskey, tobacco and snuff, pork & other groceries. Dry goods ^{mostly} of a coarse character, suitable to the employees and their families and sold almost entirely to them. The merchandise purchased was placed in Company's store at Pautegs, and conducted by Clerks in the Company's employment who kept regular books and these books which are now in the possession of the Company will show the disposition of the merchandise. Most of the merchandise, perhaps $\frac{7}{8}$ was sold to hands engaged in the manufacturing of lumber for the Company. Regular accounts were kept with all such persons who were credited with their work and charged with the goods they bought. Very little cash was taken in, perhaps sometimes not \$5 a week. - Very few goods were sold to outsiders, other stores at Pautegs supplying the neighborhood trade almost exclusively. The cash taken in at the store was used to pay small balances due to hands or taken by me, if used to pay hands their accounts were charged

with it. and if taken by me my account was charged with it. A quantity of the goods were disposed of in the way of barter for corn and fodder consumed by the team and corn to make meal for the hands, when the toll from the mill did not supply it. The meal was furnished hands by the miller on orders of the clerks and charged in their accounts. So ~~the~~ under an account of the disposition and sales of the merchandise, reference must be had to the books of the Company. The books will show such disposition and proceeds of the sale of the merchandise, except perhaps the corn and fodder consumed by the stock of the Company - the rope used for bunching shingles. and that sold in barter for corn and fodder. - If I were required to render such an account I should have to rely solely on the books of the Company and respectfully submit, that if such an account be required. the Commissioners with the said books before him would have all the data for making out such an account and I can do nothing more in compliance of the demand of the question than to require said books to be placed before the Commissioners. if the Commissioners should deem it pertinent to have such an account made out under the decree. It will require much labor to make out such an account. Their separate account of each employee will have

to be examined and from each will have to be taken the amount goods and cash furnished by the store and the cash and goods charged to my account, and the goods furnished towards housekeeping. I wish to say that all the merchandise purchased by the Company has so far as I know and believe honestly and faithfully disposed of for the use of the Company and accounted for. I have no reason to suspect the integrity of the Clerks who had the immediate disposal of the merchandise and I have no doubt that the books were honestly and correctly kept by them. Nor have I any reason to suspect any other subordinate agent of the Company to whom was necessarily ^{entrusted} to some extent the affairs of the Company, and as for myself I know that I have honestly accounted in my accounts rendered to the Company and in my private account for all merchandise received by me and for all money from merchandise received by me. - As to the account of household expenses required by the question I desire to state in addition to what I have already said in this connection, that in the employment of two clerks sometimes three and the other subordinate agents of the Company, such as the Counter & inspector, sub inspector and miller when a single man, were paid so much and found. The Clerks and the miller when

a single man ate regularly, at the agent's house and the others on Saturdays and Sundays and at other times when they were out at Panteo. The agent and all these ate at the table which was furnished by the store. I understood my employment to have been on the same terms, that is I was to receive my pay with the privilege of living at the agent's house without charge. This construction of my employment has been taken and acquiesced in, in every former settlement of my accounts, when those accounts were rendered it was known to the stock holders and Directors that when at Panteo I lived at the agent's house and lived there at the expense of the Company. The house was built 25 or 30 years ago by the Company for the agent and has been used as such ever since. When I went there it was furnished by the Company with its present furniture with the knowledge and at the suggestion of some of the principal stock holders. The same furniture is still there and used by the present agent without charge.

One of the ~~present~~ reasons for this arrangement as I have always understood was to have a place for the stock holders, Directors and Consignees or other persons having business with the Company. to stay at free of cost

to them while there. When some of them came and they sometimes did, they always stopped at the house of the agent. The expense account of the household would not under any circumstances be charged to me, for if it was so I should have to bear the expense of feeding others for the benefit of the Company. The expense account of the house was kept by the Clerk at the store and when any thing was furnished the house, it was or ought to have been charged in the book or memorandum kept by them and known as the house expense book, and the same will show that the expense was not extravagant nor the living luxurious, living at Pantejo being very plain and cheap. The said house expense book now in possession of the Company will furnish to the Commissioner when produced all the data for making out said account that I can furnish. I never examined the book it was left to the Clerk to keep and I have understood since this investigation began that it was rather loosely kept. I never attached any importance to it, never supposing for a moment, that any such account would ever be required and no such account as was before been called for or mentioned since my agency.

As to account of expenses - to render an account

of total expenses of the Company if this is called
for by the question and deemed pertinent by
the Comptroller I shall have to refer him to
the books of the Company, to the returns of the
Comptroller already produced, to the various items
in my account and to the vouchers presented.
Showing among other things the money paid
by me to the employees of the Company and
expended for other purposes of the Company,
to the merchandise purchased and consumed
by hand in the employment of the Company
and by teams belonging to the Company &c
I can not otherwise aid the Comptroller
in making out such an account, than to
refer him to the same, but I respectfully
submit that the taking of such an account
is not required by the purposes of this suit
or by the decree of the Court. I respectfully
submit that it is not pertinent to render
any accounts, the sole object of which
is to exhibit the profit and losses of the
Company, while such an account may
be very desirable and interesting to the
Company yet I can not conceive that it
has anything to do with the present in-
-quiry, which is to ascertain and state
an account of debit and credit between
the Company & me, showing to whom

there is an existing indebtedness and the amount thereof. In conclusion I wish to say Mr Commissioner if you should determine to take any of the accounts demanded by the question and if you should after examining the books of the Company and the papers referred to in my answer above need any assistance and information from me in reference to the same I shall be happy to appear before you at any time on intimation of this from you, to give you such assistance and information as I can render.

The further taking of these depositions adjourned

over to Thursday March 29th 1877.

G. H. Edwards Comm^r.

Thursday March 29th 1877

Present - J. H. Crocker atty for pliff
C. W. Mundaugh " " Def^t.

Before proceeding to require the Commissioners to decide upon the receipts and points raised for the defendant, I desire to ask the witness other questions

Question 101 When John R. Kely the present Treasurer of the Albemarle Swamp Land Co settled the debt due your son John S. Riddick on the 20th of April 1875 did he pay him all the interest due him, and if so how much interest and how much principal?

Answer He arranged with John S. Kely the amount of \$4619.54 - \$1191.37 of which was interest and the balance principal. The transaction is more fully explained by reference to the order in which the settlement was made, which is in the following words and figures to wit - "Suffolk Apr 20th 1875 - J. R. Kely Exr. Treasurer A. S. Land Co. Sir. The amount of money which I borrowed of John S. Riddick

in the year 1870-71-72 & 1873 to aid in carrying on the business of the Albemarle Swamp Land Company was \$3,359⁰⁰ the interest calculated up to this day at the rates agreed on is \$1,191.37 These two amounts make four thousand five hundred & fifty dollars & thirty seven cents. \$4,550.37. I owe him individually \$69.17, the whole makes \$4,619.54 which you will pay or otherwise arrange and charge to my account against the Company - It may not be out of the way to say that J. J. Riddick borrowed from ~~him~~ a part of the money advanced to the Company & has charged exactly the interest he had to pay "
"Kathl Riddick"

Endorsed. "Suffo Va Apl 20th 75 Closed per note by J. R. Kelly Esqr Treas A L L Co. Ino J. Riddick"

In explanation of the above I would say that the letter showed the balance due to J. J. Riddick at that time. I having at prior times made him certain payments as shown by my account

Question 102 Is the \$3,359 principal thus settled with Ino J. Riddick included in the yearly balance as ^{claimed} ~~due~~ by you? In reply to paper marked exhibit "B" filed with the paper.

Answer The \$3,359 referred to, is a portion of the item of \$4,619⁵⁴ with which the Co is credited in the acct apl 1875. Such portion of the \$3,359

as was appropriated to Company's purposes was charged to the Co as paid out, & of course went to make up the balances from year to year as exhibited in account now before the Commissioners;

Question 103 If then the said principal of \$3,359. is included in the yearly balances as due you and if said interest on said amount has been provided for by the Treasurer of the Albemarle Swamp Land Co. how is it that you have charged 12 per cent interest on said amount upon which all the interest has been provided for by the Co through its Treasurer?

Answer The very fact that I had to borrow money chiefly at that rate of interest demonstrates the fact that money could not be had at a less rate. It was on this ground that the balances due from year to year was charged at that rate. The \$3,359 referred to with the interest allowed on it; after being provided for by the Company is all credited to the Company.

Question 104 You say it is credited to the Company - when? Is on the 20th Apr 1875 was it not charged to the Company prior to that date?

Answer It is embraced in \$4619⁵⁴ 20 Apr 1875 because on that day the debt ^{was} "lifted"

from me, the various items for which the money was expended was paid out and vouchers are here exhibited & all prior to that date

Question 105 Which are the vouchers mentioned and enumerate them?

Answer I mean to say that all the items in the foregoing account paid with any money borrowed are entered and charged to the Company before the 20th April 1875 - I would gladly comply with your request to name each several item and designate the particular individual or Bank from which the money was obtained with which it was paid - If I had been requested 2 or 3 years ago to perform that task I would not have been able to do it - Now after the lapse of ~~three~~ that time it is absolutely impossible for me, do it

Question 106 Then you did not keep your books, or the books of the Company, in such a manner as to make it possible now to refer to or enumerate the same and I to so infer from your above answer.

Answer The books were not kept to show that fact.

Question 107 Why then did you refer to certain vouchers if there be no manner of enumerating said vouchers?

Answer In using the word vouchers I simply mean the

several items

Question 108 Show point out and enumerate the several items?

Answer I can not state with what particular money the several items were paid.

Question 109 You have spoken of borrowing \$5000 from the Bank of Portsmouth and renewing the same from time to time, who paid the interest on said debt, was it not paid out of the funds of the Company?

Answer I paid it universally mostly out of my own funds - I may sometimes have paid with funds drawn on lumber shipped with which I and changed. But I think it was more frequently still paid with funds borrowed from individuals or from Bank.

Question 110 State the amount paid by you ("I"); amount paid with funds drawn on lumber shipped - amt paid with funds borrowed from individuals or from Bank and who were the individuals, and what Bank and the different amounts?

Answer It is utterly impossible for me to state what part of the interest referred to was paid by me individually. Nor can I now state what part was paid by funds drawn on as before stated, nor yet what part was paid by money borrowed of individuals or Banks. I would gladly do so if I could. I borrowed

of Col. D.M. Carter of Washington D.C. at one time \$2000. of J.W. Hannaford of Suffolk \$500- of J.J. Kiddick in money ^{neg} \$4000. and perhaps others who I do not now remember. I borrowed of the Bank of Portsmouth as much as \$7000- & of the Commercial Bank & Farmers Bank of Suffolk various sums. I think about \$4500. The exact amount will be shown by the credits allowed the Company as paid by John Kilby.

Question 111 There was a portion of said amount paid by the funds of the Company, is not that so?

Answer I think it likely but can not state positively that it is a fact.

Question 112 There that portion is entered in the yearly balance claimed by you? how is it? you have charged 12 per cent on the same?

Answer ~~When~~ If money was drawn on shipments to pay interest or for any other purpose of the Company I gave credit to the Company of all interest charged on it in New York or Philadelphia and as the money was used here for Company's purposes charged interest or paid for the Company's benefit.

Question 113 You have not answered my question but believing the matter sufficiently under-

- stood I now leave it and require of you to render to the Commissioner a full account of your transactions as requested by the 100 crop interrogatory from the commencement of your term as President General agent and treasurer of said Company as required by the decree before the Commissioner and I ask the Commissioner so to rule to require the same.

Answer I refer to my answer to the 100 crop interrogatory ~~and~~ in answer to this question.

The Counsel having declared that he was through with the witness until the ruling of the Commissioner and the Commissioner desiring ~~to~~ the witness was discharged and allowed to sign without waiving any rights.

And further this deponent saith not

Nathl. Riddick

Nulling of the Commission

After Sec 4 of the By laws adopted at a meeting of the stock holders of the Albemarle Swamp Land Company 26 Sept 1867 which provides that the President shall be the general agent and attorney of the Company and shall have full power and authority to conduct and manage all its business, to hire subordinate agents, Clerks, overseers, managers and laborers and to buy personal property needed in the business of the Company and to sell any personal property of the Company at any and all times and to contract under the seal of the Company or otherwise for and on behalf of the Company in any way whatever, at all times &c. Sec 5 then provides "The President shall call a meeting of the stock holders in the month of April of each year at some convenient place and then report fully all the operations of the Company during the year preceding. His accounts shall then be examined by a Committee to be appointed by the meeting, or by the meeting as it may deem proper and if approved shall be deemed settled." - This section was not amended till 1873. " The accounts of Nathaniel Reddick President. Treasurer and general agent having been made to the Albemarle Swamp Land Co

on the 26th day of April 1869 and the 1st day of July 1871 and "examined & allowed & ordered to be recorded" in the first instance and "examined and ordered to be recorded" in the second by the Board of Directors and stockholders of said Company in annual meeting, must be taken as a satisfactory settlement of his transactions, as such officer for the period embraced in said accounts and a basis on which this Commission must make out his account between plaintiff and defendant, unless the same can be surcharged and falsified or it can be clearly shown that the orders entered in the record book, and hereinbefore refused to, did not intend to approve said accounts and that it was so understood, otherwise it might work great hardship to the said plaintiff, who, deeming said accounts as final, would, doubtless, fail to preserve vouchers, memorandums &c with that care necessary previous to the acceptance and settlement of his accounts. But the Commission recognizing the responsibility of an agent to his principal, think, particularly, when he seeks relief through a Court in equity, he should be prepared to render

a full and complete account of his transactions even to the minutest detail, and without now intimating what effect the same is to have on this account, requires the said Nathaniel Riddick to render such accounts as called for by Defendants Counsel for the period from the date of his last account to the time he ceased to be President, Treasurer and general agent of said Company, and in order to enable the said Nathaniel Riddick to make out such accounts the said "The Albemarle Swamp Land Company, its officers and employees, shall permit him, the said Nathaniel Riddick free access to and use of all books, papers accounts &c in its or their possession, belonging to said Company and to render him such further aid as may be required to such an end.

G. F. Edwards
Commissioner

In the Circuit Court of Randolph Co

Nathl Riddick

"The Albemarle Swamp Land Co"

Exceptions taken by the defendant to the decision of G. F. Edwards Special Commissioner, under a decree rendered in this cause on the 12th day of April 1876.

1st Exception - For that the said Commissioner has decided, that the accounts of Nathl Riddick Pres^t, Treasurer & Genl Agt: made on 26th April 1869 and on 1st July 1871, must be taken as a satisfactory settlement of his transactions, for the period embraced in said accounts: - whereas the said Commissioner ought to have required a full account of his transactions, from the commencement of his term of office, as contemplated by the order of reference. - That said accounts were never acknowledged by "the Albemarle Swamp Land Co", or by the "Board of Directors", in such a manner as to bind them to the payment of the balance struck; and it was not required of the defendant to surcharge or falsify the same; but for the plaintiff to properly present the same de-novo.

In all which particulars, the report or decision

or ruling of the said Commission, is, as the
said ^{defendant} ~~plaintiff~~ is advised, erroneous, and the
said defendant appeals therefrom, to the judgment
of this Court -

C. W. Mundangt

Atty for "The Albemarle
Swamp Land Co"

Your Commissioner, by request of plaintiff Counsel, now proceeds to make out an account between Nathl Riddick agent vs and The Albemarle Swamp Land Company. from the facts before him, but is unable to say to what amount, if any, or how the same may be effected by the several accounts called for by Defendants Counsel and required by ruling of this Commissioner—

G. F. Edwards

Commissioners Office

Portsmouth Va April 10th 1877

To the Hon^{ble} George Blow

Judge of the Circuit Court of
Hansemond County.

Your Commissioner reports to Court that pursuant to a decree of said Court entered on the 12th day of April 1876, he has made out and completed the foregoing account in the suit of Riddick vs The Albemarle Swamp Land Company, and on the 1st day of July 1875 finds a balance due from the Company to Nathaniel Riddick agent &c of \$6,484.45 Your Commissioner has allowed all the items charged in exhibit "B" filed with this suit, save and except such as were admitted by the plaintiff to be errors and the difference in the balance found due by this Commissioner and the plaintiff was caused as follows

1st Mr Riddick balanced his accounts 6 months from date of last account July 1st 1871 while Your Commissioner did not balance same until July 1st 1872 twelve months after, the balance carrying interest and so on each year, and the changing of some items, the same being charged six months too soon in account "B" (see return of Denise Deco June 1st 1872 charged in exhibit "B" as of Decr 30th 1871). 2nd The agent in his accounts carries interest on yearly balances and also on all disbursements made by him from day paid out, but fails to credit the Company with interest on their lumber

sold in New York and Philadelphia save and except the interest allowed by their consignees there from the date of sale to date of returns made by them; Your Commissioner holds that on the date of the returns the nett proceeds of lumber shored, either, be deducted at once from the amount due agent, so as to prevent accumulation of interest or be credited with interest from such date to the balancing of the yearly account as an offset to the interest accruing on the other side. Your Commissioner has allowed the agent interest on every dollar disbursed by him from date of such disbursement and charged him interest on all receipts from date they went into his hands and in the case of lumber shipped from date of returns, the proceeds of lumber being invested by agent and drawing interest against Company from said date, (See several returns of Demill & Co. of New York and Norcross and Sheets of Philadelphia and Account marked Exhibit "B") — Interest has been allowed both ways at the rate of 12 per cent per annum, carried into the body of the account and balanced on the 1st of July each year, such balances drawing interest, the receipts each year being more than ample to pay the interest-accumulated were first appropriated that way, leaving the balance yearly due, in the opinion of your Commissioner, principal. — By section 5 of the By-Laws the President, agent &c seems to have full power to contract in any way and

at any time for the Company, he states in his deposition, that he borrowed money money for Company's use at the rate of 10 and 12 per cent per annum, mostly 12 per cent, 30 and 60 days notes renewable, by this time there was an average of more than 12 per cent, which interest and renewal he claims to have paid out of his individual resources, and as he is charged with 12 per cent on all funds realized by the Company, if he failed to disburse the same he was individually paying the interest; being charged therewith from day of receipt. - At the times the money was borrowed by the Agent the Commissioner has reason to believe it was done with the consent of the stockholders, some one of them frequently becoming endorser on the notes - A part of the time any rate of interest not to exceed 12 per cent, if so contracted was legal, but your Commissioner has been unable to separate the amounts borrowed at such periods or the interest paid under such legal rates, and has consequently allowed and charged 12 per cent all the way through, ^{except salary due which only draws 6 per cent from out of year} such contracts apparently having been made with the consent of the Company. If this is error however and six per cent interest should have been the bases of calculation, then divide the balance found due in the foregoing account by 2 which will give the true amount under such a ruling. to wit \$3,242, 22. — Should it be

error see Supplement
Reph

hed that the interest items should not have entered the general account, but have been kept separate, then Your Commis-
-er reports that he has made out such an account and at 12 per cent finds on the 1st day of July 1875 a balance due the agent of \$4,598.13 which said account stands the last year to 1st July 1875 in round numbers as follows.

	Dr	Cr
Balance principal	\$4114 70	\$6870 54
" interest	7817 64	463 67
	\$11,932 34	\$7334 21
	<u>7334 21</u>	

Bal due agent July 1st 1875 \$4598 13

which said amount divided by 2 will give the amount under such an account due at 6 per cent interest, to wit \$2,299.06

Your Commissioner has attempted by the foregoing to place before the Court the account in every aspect that it can present itself, so that if the Court shall hold that the amount of \$6,484.45 found due, is based upon an illegal view or erroneous calculation, then, that the true amount may be arrived at without further reference to the Commissioner.

Your Commissioner finds as one of the reasons of the Company being in debt, the fact that they were paying a yearly dividend to stockholders when the business of the Company would not justify it.

Your Commissioner

For see supplemental Rep't

Returns herewith, the vouchers and the
several returns of Demill & Co. of New York
and Norcross & Shurtz of Philadelphia, together
with such exhibits as were filed, all
of which is respectfully submitted
Given under my hand
the day and year aforesaid.

In the office of the collector of the — day 2 — 1840

The day — A. B. L. — Several signed & acknowledged the Bond — and
the day — P. S. L. — the sundries, made out before me, clerk
of the Society; the other Friends, after the payment of our other great bills
& sundry liabilities, as they had incurred for others, are under the
sum of \$

under

RECEIVED of

quarter of the within.

J.

W. H. H.

Dollars

*Collector State License,
County of Nansemond.*

Know all men by these presents, that WE,

are held and firmly bound unto

in the just and full sum of

to which payment, well and truly to be made to the
we bind

ourselves, our and each of our heirs, executors and administrators, jointly and severally, firmly, by these presents. And we hereby waive our Homestead exemption, as to this obligation.

Sealed with our seals, and dated this day of
A.D. 1878.

The Condition of the above obligation is such, that whereas the Clerk of the Supreme Court of Appeals has issued a Writ of Supersedeas, in the name of the Commonwealth of Virginia, to the Sheriff of Nansemond County directed, commanding the said Sheriff, that from all further proceedings on a certain final decree of the Circuit Court of Nansemond County, rendered on the 15th day of April, 1878, in a suit in chancery, wherein Nathaniel Riddick was Plaintiff, and the Albemarle Swamp Land Company was Defendant, he altogether supersede but on the said writ the said Clerk of said Supreme Court of Appeals, has endorsed, that it is not to be effectual until the petitioners or

some responsible person for th shall enter into
bond with sufficient security, in the Clerk's Office of the
said Circuit Court, in the penalty of
Dollars, and a certificate of the execution thereof
together with the name of the security endorsed thereon
by the Clerk of said Circuit Court.

Now if the said, The Albemarle Swamp Land Company,
or its assigns shall prosecute the said writ with effect
or shall well and truly abide the decree aforesaid of
the said Circuit Court, and pay all such costs and
damages, as shall be awarded, in case the said decree
shall be affirmed, then the above obligation is to be void,
otherwise, it is to remain in full force.

Know all men by these Presents that we

are held and firmly bound unto the Commonwealth of Virginia, in the just and full sum of Five hundred (\$500) dollars, to the payment whereof, well and truly to be made to the said Commonwealth, we bind ourselves and each of us, our and each of our heirs, executors and administrators, jointly and severally, firmly by these presents. Sealed with our seals and dated this day of AD, 1878, and in the year of the Commonwealth.

And we hereby waive our Homestead exemption, as to this obligation. The Condition of this Obligation is such, that whereas at a Circuit Court held for Hansamond County, on the 15th day of April, 1878 in a certain Chancery cause, pending in said Court, where in Nathaniel Riddick is Plaintiff, and the Albemarle Swamp Land Company is Defendant, it was adjudged, ordered and decreed that the Defendant, The Albemarle Swamp Land Company, pay to the Plaintiff, Nathaniel Riddick, the sum of Six Thousand four hundred and eighty-four dollars and forty-five cents, with interest thereon from the 1st day of July, 1873, until paid, and that the Plaintiff recover of the Defendant, his costs, in that behalf expended, and that execution of said Decree be suspended for ninety days for the purpose of allowing the Defendant to apply for an appeal from said Decree to the Supreme Court of Appeals of Virginia, upon the Defendant or some one for it entering into bond with good security before the Clerk of said Circuit Court, in the penalty of Five Hundred Dollars, payable to the Commonwealth of Virginia, conditioned to pay all costs and damages, in case a Supersedeas to said Decree should not be allowed: Now if the said Defendant, the Albemarle Swamp Land Company shall well and

1 truly pay all such costs and damages as any person
2 may sustain by reason of the ^{said} suspension of said decree, in
3 case such supersedeas to said decree or judgment be not
4 allowed and effectual, within said ninety days, then
5 the above obligation to be void, or else to remain in
6 full force and virtue.

7 Executed, in presence of

The Commonwealth of Virginia,

To the

of the

of

Greeting:

WE COMMAND YOU, that from all further proceedings on a *decree* pronounced by the
Circuit Court of the *County* of *Nansemond* on the *15th* day of
April 187*8*, in a suit in which *Nathaniel Riddick* was

Plaintiff, and

The Albemarle Swamp Land Company was

Defendant

you altogether supersede, which *decree* before the Judges of our Supreme Court of Appeals, in the
 City of Richmond, for cause of error in the same to be corrected, on the petition of the said *Albemarle*
Swamp Land Company

we have caused to come. We also command you, that you give notice to the said *Nathaniel Riddick*

that *he* be before the Judges of our said Supreme Court of Appeals, at the City aforesaid, on the first Monday
 in *August* next, then and there to have a rehearing of the whole matter in the *decree*
 aforesaid contained. And have then there this writ.

WITNESS—GEORGE K. TAYLOR, Clerk of our said Supreme Court of Appeals, at Richmond, this *21*
 day of *June* 187*8* and in the *10th* year of the Commonwealth.

Geo K. Taylor

MEMO.—The above writ of supersedeas is not to be effectual, until the petitioner, *or*
 or some one for *it* shall enter into bond, with sufficient security, in the Clerk's office of the said *decree*
 Court, in the penalty of *eight thousand five hundred* dollars, conditioned as the
 law directs, and a certificate of the execution thereof, together with the name or names of the security, or securities,
 shall be endorsed hereon by the Clerk of the said Court.
