D E C R E E.

To be entered this th day

of October 1901.

IN THE CIRCUIT COURT OF NANSEMOND COUNTY, VIRGINIA.

SECOND MARCH RULES 1901.

To the Hon. Robert R. Prentis, Judge of the Circuit Court of Nansemond County, Virginia;

Your orator, Robert A. Marshall, humbly complaining, respectfully represents to the Court, that on the th day of 18 he intermarried with one, Eddie Florence Oberry in the town of Suffolk, in the County of Nansemond, in the State of Virginia, that there has been born unto them in all three children now living, namely, L. V. Marshall about nineteen years old; Ruth V. Marshall, about sixteen years old; and Robert E. Marshall, about thirteen yearsold. Your orator says that he has been a true and faithful husband to his said wife, and has done his best for the said children. It is true that for some years your orator was a great sufferer from dyspepsia or indigestion and other troubles which rendered him incapable of much work, and for that reason, did not make as much money as he would otherwise have done, but he always did his best for his said wife and children.

Your orator says that his wife's mother was at the time of said marriage and has been during all this time a widow, and that she owned a house in said town of Suffolk, and that his said wife always insisted upon living with her said mother at the said house, that matters became disagreeable in a short time after said marriage, that he insisted on securing a house and taking his said wife to it, but she always flatly and persistently refused to go with him to any other home he might secure, that matters gradually grew worse and worse, the said wife becoming wholly influenced by her said mother and inclined to disagree with her said husband in all things, that in order to have peace and avoid anything which might injure in any way his said children your orator bore the worst kind of treatment at the hands of his said mother-in-law, that in March 1896, the said wife of your orator most positively refused to admit

him to her bed and repeatedly said that her determination in that regard was unalterably fixed, that he would never again under any circumstances be admitted to her bed. Your orator says that he pleaded in vain for harmony, that he went off from the home to work and threatened not to return unless he could be assured that he would be treated as a husband by his said wife, but this course availed nothing, and after some eight or nine months he returned to the home and his said wife again most flatly denied him to her bed, repeating her determination as aforesaid, that afterwards in the year 1897 the said wife not only refused him her bed but ordered and requested him to leave the house, that in this latter request the said mother-in-law most emphatically united. Your orator says that he was thus bound to leave the house, and that he has never been permitted to return and resume his former relations as man and wife. Your orator says that he has sent messages to his wife in the hope that a reconciliation might be had, that he assured her that he was willing to do any way he could, in order that their former relations might be restored, that he and she might live together as man and wife, but in every instance his said wife has turned a deaf ear to his entreaties, and always persistently refused to live with him as his wife. Your orator says thathis said wife more than three years next before the institution of this suit wilfully deserted and abandoned him and has continued in the said desertion and abandonment till this day. Your orator says that not many weeks ago he asked a mutual friend to see his wife in regard to a reunion of their former relation and she refused to receive any message or communication from him and refused to send any, that of late, within the last two months the said wife and mother has caused each of his said children to write terrible letters declaring that they never wished to see or hear from him again.

Your orator says that he does not wish to put in the records of this court the details as to how he was treated while at the house of his said mother-in-law, unless such disclosures should become necessary.

Your orator says that neither he not his wife had any property of any consequence when they were married, that during their co-habitation on account of sickness he did not earn as muchas he desired but

what he and his wife did earn was spent in living or now remains in the possession of the said wife, and your orator is not seeking any property, that he is possessed of nothing except his wages and they have been wholly consumed in living and in making some presents to his children.

Your orator says that he last co-habited with his said wife in County of Nansemond, in the State of Virginia, and that she is now a resident of the said County and State.

For as much as your orator is remidiless save in this Court where such matters are alone cognisable, he prays that the said Eddie Florence Marshall may be made a party defendant to this bill and required to answer the same, but an answer on oath is hereby expressly waived, that all proper orders and decrees may be entered in this cause, that he may be granted a divorce a vinculo matrimonii, that the custody of the said infant children be given to the complainant in this bell; that your orator may be afforded such other, further and general relief as to equity and good conscience may seem meet.

And he will ever pray. Let a subpoena go etc.
