First Commissioner is directed by the administrator to state specially that the estate of Matthew Vicks in the year 1836 received between three and four hundred dollars from North County N. B. as guardian to his children that he has not thought proper to all the property of the estate to pay them as it would only be taking it from them in one character and giving it to them in another The portion of the estate which each one will receive being more than the amt which each one would be entitled to receive as estate
