The Commissioner begs leave to state to the Court specially that he has not charged the executor with interest on the sum of \$3455.09 as the balance due he owed the estate in the last year's settlement, but has only charged him interest on the thousand Dollars, and for these reasons: The estate of the testator although considerable and all converted into money is nearly insolvent and although the executor has long balance in his hands at the last settlement yet it remained there but a very short time in the months of December and January following he paid out expenses of \$500.00 and the Commissioner has thought it right after having the executor's debt most and examining his vouchers carefully to charge him with interest on \$3000 which is about the amount remaining in his hands unemployed during the past year, all of which respectfully submitted by
 W^m B. Thomas, Commissioner
