

and, if such descendant or descendant attain the age of twenty one years or more, such descendants taking the share which their deceased parent would have taken living, if no such descendant then the said legacy is to revert back to my estate for the benefit of my residuary legacies.

Item 4th. The Specific legacies given in the first, second and third clauses of my will I expect to be raised and paid out of money due my estate, but should it be ascertained after a settlement of my just and legal claims that my said manied estate is insufficient to pay the said legacies in full, it is my desire in such circumstances that the said legacies be scaled among the said legacies, taking the same proportion from each of said legacies. It is not my will or intention that my servants shall be sold to pay such legacies or for any other purpose but to be provided for as I shall direct hereafter direct.

Item 5th. It is my will and desire that all my slaves be divided into three equal parts, one third of the same I give to my brother Saml. Drury, another to my brother James Drury, provided they live to receive them; but should either or both die before getting possession of them, then I give the slaves intended for them to such of their children as may attain the age of twenty years or more, such descendants taking equally the share of their respective parents. The remaining third part of my slaves I give to my two nephews William H. and James H. Drury equally divided between them, on this condition that should either of them die leaving no issue I give his portion to the survivor; and should both die leaving no child or children to arrive at the age of twenty one years or more, I give their portion and all their interest to my brothers Samuel and James Drury in the same manner and with the same directions and provisions as applied to the other property herein given to them.

Item 6th. I give to my two brothers Samuel and James Drury to be equally divided between them two thirds of the balance of my estate of every kind, with the same provisions and in the same manner as applied to the other property hereinbefore given to them. The remaining third of said balance I give to my two nephews William H. and James H. Drury with the same provisions and in the same manner as their portion of my slaves hereinbefore is given to them, that is, if they both die without child or children to arrive to the age of twenty one years or more, the same with all profits arising from it, is to go to my brothers Samuel and James Drury in the same manner and with the same provisions as applied to the gift of their portion of my slaves.

Item 7th. I constitute and appoint my brothers Samuel and James Drury my whole and sole executors to this my last will and testament and hereby request the Court to which this will may be presented to require not to require my said executors above named to give security on obtaining administration of my estate. In testimony whereof, I have hereunto set my hand and seal this 23 day of February 1860.
