	By balance due the estate in Confederate money		\$17231.78
	" balance due the estate in specie		19.98 cts.

The Commissioners State specially that owing to the most unhappy state of the country and unsettled condition of the currency the interest is charged on the amount found due to the estate. It is not perceived what disposition can be made of it. Nor has any mention been made in this account of the Confederate bonds or certificates for Confederate Stocks which were found in possession of deceased by the administrator. They are reported and described in the Inventory returned by him to the State Office - Respectfully Submitted.

March 10th 1865.

Jno. J. Kindred Commissioners.
