

property of the late A. B. Urquhart on his two farms in Southampton County Va. It will be observed that several of the articles sold at the late residence of the deceased (amounting in all to the sum of one hundred and fifty three dollars & twenty five cents (\$153.25/100), have been charged to me. The above mentioned articles have been returned to the estate, for the use of the minor children, while they remain under my charge. I would also state that some other property was bid in by me - as I thought it was selling entirely too low. Also some of the other property fell into my hands, again, as the purchasers failed to comply with the terms of the sale. Of course this property shall be sold again, after the Court has appointed Guardians for the said minor children.

In conclusion, I would beg leave to state that I would have sold the above property at a much earlier date - after my qualification as administrator. But for the deplorable state of the currency of our country during the two years just past. I therefore hope the Court may receive this report. Respectfully Submitted by
